

NAVAL WEAPONS STATION (NAVWPNSTA) SEAL BEACH REQUEST FOR CAMERA PASS

The following policy applies while onboard NAVWPNSTA Seal Beach facilities and areas. This policy will be enforced by all permanent NAVWPNSTA Seal Beach personnel and Force Protection personnel. Policy violation may result in revocation of camera pass privileges, removal from the installation, and disciplinary and/or criminal penalties.

1. Photographers taking photographs within NAVWPNSTA Seal Beach areas and facilities will conspicuously wear their camera pass affixed to an outer garment, above the waist at chest level. The camera pass will be displayed in conjunction with the installation badge or Common Access Card (CAC) to facilitate recognition.
2. Photographers issued camera passes will be responsible for safeguarding the pass, and will inform the Force Protection Director immediately if the pass is lost or destroyed. Upon separation, transfer, or end of visit, the photographer will return the camera pass in person to the Pass and Identification Office as part of the checkout process.
3. Possession of a camera pass issued for NAVWPNSTA Seal Beach does not constitute authority to take photographs in jurisdictions controlled by other Commands.
4. Photography must comply with Regional and NAVWPNSTA Seal Beach camera control regulations and policies.

My signature below is certification that I have read and thoroughly understand the policy and procedures above.
