SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 0002

1. The purpose of this administrative modification is to Provide a response to the Request for Information (RFI):

A. Response to RFI received:

RFI 14: Amendment 0001, Paragraph: A. (2) Section 00210 & RFI 2, Page 16 of 54; Amendment 001 refers to the project dollar size of \$5,000,000 for past performance experience as unchanged. I have been in discussions with the largest manufacturer of communication towers and shelters in America and they are not able to respond to this RFP due to the combination of requirements for past performance. When taken together, the requirements of Design, E-LMR, Helicopter, 100' tower, Solar, 100% complete and small business participation of 66% makes it extremely difficult for them to submit a proposal. Question: Can subcontractor past performance requirements be reconsidered to range from \$1 million to \$5 million? Even though this in project in total is estimated to range between \$10 million to \$15 million, it's basically five \$3 million dollar projects. The experience requirements have ruled out any local subcontractors along with companies with past experience at the MCMWTC.

Also, regarding the statement on page 15 of 54 "Projects submitted shall be 100% complete". The same tower company mentioned above has a \$6 million project requiring 27 remote location towers that fits the design requirements of the RFP but is substantially complete and not 100%. Question: Can substantially complete projects be submitted for past performance?

Response 14: The project dollar size of past performance experience project is \$5,000,000, and reference projects shall be 100% completion as in Amendment 0001.

(End of Summary of Changes)
