

RFI Questions and Responses 1 thru 7

N62473-16-R-4605 A-E SERVICES FOR MILITARY CONSTRUCTION PROJECT P-224
AMMUNITION PIER AND TURNING BASIN NWS SEAL BEACH, CA

Question 1: We respectfully request confirmation that the due date listed in the solicitation (2:00 P.M. Pacific Standard Time on November 7, 2016) is correct.

Response 1: 2:00 P.M. Pacific Standard Time on November 7, 2016, Amendment 01 has been issued to correct the Notice.

Question 2: The solicitation indicates “RFIs MUST BE SUBMITTED BY xx NOVEMBER 2016.” We respectfully request the deadline date for submission of RFIs.

Response 2: RFIs MUST BE SUBMITTED BY 01 NOVEMBER 2016, Amendment 01 has been issued to correct the Notice.

Question 3: The notice states RFIs are due by XX Nov 2016. The notice states, “RFIs MUST BE SUBMITTED BY xx NOVEMBER 2016”. I am wondering if there is a specific RFI deadline date and time?

Response 3: RFIs MUST BE SUBMITTED BY 01 NOVEMBER 2016, Amendment 01 has been issued to correct the Notice..

Question 4: Please clarify the due date of the SF330 submittal for the subject project. The FBO website (https://www.fbo.gov/index?s=opportunity&mode=form&tab=core&id=9723f707bcde5691f673dd891611cbe2&_cview=0) lists November 3rd, whereas the actual Solicitation lists November 7th (<https://www.neco.navy.mil/synopsis/detail.aspx?id=465531> <<https://www.neco.navy.mil/synopsis/detail.aspx?id=465531>>).

Response 4: Amendment 01 issued on October 6th modified the response due date to Nov 7, 2016 in NECO; However, I notice that the system changed the date in NECO but it did not carry over to FBO as it should have. I issued an amendment in FBO today (Oct 11) correcting the date to Nov 7, 2016.

Question 5: There is a discrepancy on the due date in the solicitation. FedBizOps states a response date of November 3, 2016. The text of the synopsis states November 07, 2016. Is the due date Thursday, November 3, or Monday, November 7?

Response 5: Proposals are due Monday, November 7, 2016. Amendment 01 was issued in NECO on October 6, 2016 correcting the date to Monday, November 7, 2016; unfortunately, a system error occurred and the Amendment did not upload from NECO to FedBizOps correctly. On October 11, 2016 and on October 17, 2016, FedBizOps was manually updated to correct the response due date to November 7, 2016.

Question 6: Are large businesses priming on this project required to submit a draft Small Business Subcontracting Plan (Attachment B) with their SF330 documents or is the Small Business Subcontracting Plan only to be completed when awarded the project? If a draft plan is requested, should dollars and percentages be entered, or can we propose just percentages?

Response 6: Yes, Large businesses are required to submit a draft Small Business Subcontracting Plan (SBSP) with their SF 330. Submit the draft SBSP with percentages. The SBSP template for large businesses (Attachment (B)) is the Download File attachment titled "N62473/N6247316R4605SBSP_(template)_(sep_2013).doc"

To retrieve the attachments, follow the links from the FEDBIZOps page. Click on the Solicitation 1 link (on the right side of the webpage) it will take you to the NECO page. There are four Download File attachments near the bottom of the NECO page in the Line Items Section. (Original Synopsis, PPQ form, SF 330 form, and SPSP template).

For Further details refer to the Synopsis "Submission Requirements:" under "Criterion 6 - Commitment to Small Business (SF 33, Part I, Section H):"

Question 7: Is Attachment C only to be completed by small businesses that are priming on this project? Or is it to be completed by small businesses that are subconsultants to large businesses that are priming on this project? Should this plan be submitted with the SF330 documents? If a draft plan is requested, should dollars and percentages be entered, or can we propose just percentages?

Response 7: Yes, Attachment C is to be submitted only by small businesses that are priming. Subconsultants DO NOT submit. Small businesses are to include Attachment C (Proposed Subcontracting Participation Breakdown template) along with their SF 330 with percentages.

For Further details refer to the Synopsis "Submission Requirements:" under "Criterion 6 - Commitment to Small Business (SF 33, Part I, Section H):"
