

**DEPARTMENT OF THE NAVY  
ADVERTISEMENT FOR REQUEST FOR PROPOSAL TO LEASE GOVERNMENT LANDS  
FOR AGRICULTURAL PURPOSES**

1. The Department of the Navy, Naval Facilities Engineering Command, Southwest, proposes to lease Government owned land for agricultural purposes located at the Naval Air Station Lemoore, California under the process and terms outlined in the **Invitation for Bid (IFB)**.
2. Sealed bid and deposit must be received at Naval Facilities Engineering Command Southwest, ATTN: Gene Beale, Desert IPT Real Estate, Code JV10.GB, 1220 Pacific Highway, San Diego, California, 92132-5190, by **2:00 P.M.**, **Pacific Time, on Monday, November 21, 2016.** The bid opening will be conducted via a live conference call **ONLY** at **2:00 P.M, Pacific Time on Monday, November 21, 2016.** **As there will be no public access to the conference center, refer to call-in information in the IFB to listen to the actual bid opening. Bids will NOT be accepted after 10:00 A.M. FAX COPIES OF PROPOSALS WILL NOT BE CONSIDERED RESPONSIVE.**

**3. DESCRIPTION OF PROPERTY**

<b>Parcel(s)</b>	<b>Acres(AC)</b>	<b>RFP Number</b>	<b>Lease Term</b>
4A57 4A62F2	+/- 204.0 +/- <u>32.2</u> +/- 236.2 Total AC	N62473LO10599	Firm Term: Jan 1, 2017- Dec 31, 2021  Five (5) one-year option periods: Option Period 1: Jan 1, 2022 – Dec 31, 2022 Option Period 2: Jan 1, 2023 – Dec 31, 2023 Option Period 3: Jan 1, 2024 – Dec 31, 2024 Option Period 4: Jan 1, 2025 – Dec 31, 2025 Option Period 5: Jan 1, 2026 – Dec 31, 2026
			Not to exceed Ten (10) years

4. IFB package and instructions will be posted electronically on Navy Electronic Commerce Online (NECO). Interested bidders can view the IFB package by parcel number, print, and submit the completed Bid Form with a bid deposit.
5. Interested bidders can access the following NECO website: <https://www.neco.navy.mil/> and proceed with the following steps:
  1. Search Synopsis
  2. Under NAICS Code scroll down to: "111 - Crop Production"
  3. Click on "Search" at bottom of page.
  4. Click on "NAS Lemoore Parcels 4A57/4A62F2"
  5. Click on "View Solicitation."
  6. Under the Line Items section, download the file listed.
  7. The IFB documents must be reviewed thoroughly.
  8. Print the IFB documents, which include the Bid Form in the downloaded file.
  9. Complete and submit bid according to instructions outlined in the IFB.
6. If you are a registered user on NECO, you may add yourself to the Plan Holder List. The Plan Holder List will notify you if there are any updates or amendments to the advertisement. To add yourself to the Plan Holder List: after you click on View Solicitation, locate Plan Holder List (below Issue Date) and click on "Add/Del."
7. If you have any questions, please contact Gene Beale, Realty Specialist, at (619) 532-1027 or via email at [gene.beale@navy.mil](mailto:gene.beale@navy.mil).
8. The Department of the Navy reserves the right not to award the Lease.

## **INSTRUCTIONS TO BIDDERS**

### **ELIGIBILITY TO BID ON AND AWARD LEASED PARCELS**

Bids will be accepted from any United States citizen, corporation, partnership, or trust. The Government will evaluate bids in response to this solicitation without discussions. The lease will be awarded to the responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Government. The total bid shall consist of the initial lease term plus all option periods. The bid will be evaluated on the basis of whether or not it is made by a responsive and responsible bidder. The Government may determine any bid non-responsive, where submitted by a person or entity, who is in breach or default of a material provision of an existing or prior lease at the time of evaluation of bids under this solicitation.

The Government may:

1. Reject any or all bids without a requirement for justification;
2. Accept other than the highest bid;
3. Not award the Lease

### **REVIEW OF ALL DOCUMENTS**

Interested bidders shall review all documents, provisions, clauses, and terms of the Invitation for Bid (IFB) and of each proposed Lease on which interested bidders are bidding.

All inquiries concerning any part of the IFB shall be made to Gene Beale at [gene.beale@navy.mil](mailto:gene.beale@navy.mil) or 619-532-1027. Inquiries and Requests for Information (RFI) shall be submitted via e-mail no later than **November 11, 2016**.

### **PLAN HOLDER LIST**

If you are a registered user on NECO, you may add yourself to the Plan Holder List. The Plan Holder List will notify you if there are any updates or amendments to the advertisement. To add yourself to the Plan Holder List: after you click on View Solicitation, locate Plan Holder List (below Issue Date) and click on "Add/Del."

### **BID FORM**

Interested bidders shall read and complete all sections required on the Bid Form:

1. Name of Bidder
2. Rent
3. Payment Cycle
4. Bid Deposit
5. Acknowledgements
6. Amendments
7. Execution by Bidder

## **BID DEPOSIT**

Interested bidders must enclose a deposit of 25% of the annual rent or \$1,500.00, whichever is GREATER, in the form of a certified check, cashier's check, or U.S. Postal Service Money Order payable to the "Treasurer of the United States." The bidder should be named as the "remitter" on the deposit. CASH BID or PERSONAL CHECKS WILL NOT BE ACCEPTED. The deposit of a successful bidder will be retained by the Government and applied as partial payment of the first year's rent. In the event the deposit check of the successful bidder exceeds the first year's rent, the successful bidder shall submit the correct rental amount and the bid deposit check shall be returned upon execution of the Lease. Deposits of unsuccessful bidders will be returned without interest, as promptly as possible after award has been made to the successful bidder.

## **SUBMISSION OF BID**

The Bid must be submitted in a SEALED ENVELOPE or package, marked and addressed as in the following example:

**[Bidder name and address here]**

**Naval Facilities Engineering Command SW  
Attn: Gene Beale, Desert IPT Real Estate, Code RJV10.GB  
1220 Pacific Highway  
San Diego, CA 92132-5190**

**Bid For:**

**NAS Lemoore, CA  
Agricultural Lease IFB N62473LO10599  
Parcels 4A57/4A62 Field 2**

**To Be Opened:**

**2:00 P.M., Pacific Time  
November 21, 2016**

In the event an interested bidder intends to bid on multiple leases, individual bids and bid deposits must be submitted for each Lease. In addition, each bid must be submitted individually in a sealed envelope or package as shown in the sample above.

## **BIDDER'S CHECK LIST**

- Completed Bid Form
- Bid deposit (certified check, cashier's check, or U.S. Postal Service Money Order)
- Bid Form and bid deposit are submitted in a SEALED envelope or package no later than time and date specified. No late bids will be accepted.

**5. ACKNOWLEDGMENTS**

- A. By executing the Bid Form, Bidder warrants and represents to the Government that Bidder has read, understands, and accepts all of the terms and conditions of the Lease and its Exhibits, including the Soil and Water Conservation Plan.
- B. By executing the Bid Form, Bidder acknowledges that rejecting a Lease or withdrawing a bid after acceptance of a bid by the Government constitutes a default, which may result in the Government determining the bidder non-responsible and not eligible to participate in any future Navy agricultural lease Invitations to Bid, including other proposed leases solicited in this Invitation to Bid.
- C. By executing the Bid Form, Bidder acknowledges that the Government may determine any Bidder not responsible, if the Bidder (including any corporate officers, directors, shareholders, partners of partnership, or officers or members of business entity (“Principals”)) submitting a bid is in breach or default of a material provision of an existing or prior Lease at the time of evaluation of Bids under this solicitation.
- D. Bidders must provide full, accurate, and complete information as required by this solicitation and its attachments. The penalty for making false statements in bids is prescribed in 18 U.S.C. 1001.

**6. AMENDMENTS (if applicable)**

Bidder acknowledges receipts of amendments to the Invitation for Bid

Amendment/Addendum No. \_\_\_\_\_ Initial: \_\_\_\_\_ Date: \_\_\_\_\_  
Amendment/Addendum No. \_\_\_\_\_ Initial: \_\_\_\_\_ Date: \_\_\_\_\_

If you are a registered user on NECO, you may add yourself to the Plan Holder List. The Plan Holder List will notify you if there are any updates or amendments to the advertisement. To add yourself to the Plan Holder List: after you click on View Solicitation, locate Plan Holder List (below Issue Date) and click on “Add/Del.”

**7. EXECUTION BY BIDDER**

Name of the bidder (print): \_\_\_\_\_

Signature of person authorized to sign bid:

\_\_\_\_\_ Date: \_\_\_\_\_

Tax Identification Number: \_\_\_\_\_

Street address: \_\_\_\_\_

City, State, Zip Code: \_\_\_\_\_

Telephone: \_\_\_\_\_

Station: NAS Lemoore, California  
 Parcels#: 4A57 and 4A62 Field 2  
 Contract #: N6247317RP00027

**DEPARTMENT OF THE NAVY  
 LEASE FOR AGRICULTURAL PURPOSES**

LEASE between \_\_\_\_\_ hereinafter called "LESSEE," and the United States of America, acting by and through the Department of the Navy, represented by the Commanding Officer, Naval Facilities Engineering Command Southwest, San Diego, California, hereinafter called the "GOVERNMENT."

- 1) **LEASED PROPERTY:** Under the terms and conditions of this "LEASE," the GOVERNMENT hereby leases to the LESSEE a portion of the NAVAL AIR STATION, LEMOORE, CALIFORNIA, hereinafter called the "STATION". That portion is hereinafter called the "LEASED PROPERTY" and is described as follows:
- a) Parcels 4A57 and 4A62 Field 2, consisting of approximately 236.2 acres, is identified and delineated in Exhibit "A," attached hereto and made a part hereof.
  - b) The 236.2 acres consists of the following:

4A57                    +/- 204.0 acres  
 4A62 Field 2       +/- 32.2 acres

Total farmable acres +/- 236.2 acres

- 2) **TERM:** The term of this LEASE will be for the period beginning January 1, 2017 and ending on December 31, 2021 UNLESS sooner terminated in accordance with Clauses 13 and 14 hereof, or extended in accordance with Clause 4, OPTION TO EXTEND THE TERM OF THE LEASE.
- 3) **RENT:** LESSEE shall pay the GOVERNMENT rent in the amounts set forth below:

Lease Terms	Rent Per Acre (Farmable)	Annual Rent	Annual Rent X year(s)	Sub-Total
One (1) Five-year Term Jan 1, 2017 – Dec 31, 2021	\$ _____ x 236.2 AC	\$ _____	\$ _____ x 5 yrs	\$ _____
Option 1: One (1) one-year option Jan 1, 2022 – Dec 31, 2022	\$ _____ x 236.2 AC	\$ _____	\$ _____ x 1 yr	\$ _____
Option 2: One (1) one-year option Jan 1, 2023 – Dec 31, 2023	\$ _____ x 236.2 AC	\$ _____	\$ _____ x 1 yr	\$ _____

Option 3: One (1) one-year option <b>Jan 1, 2024 – Dec 31, 2024</b>	\$ _____ x 236.2 AC	\$ _____	\$ _____ x 1 yr	\$ _____
Option 4: One (1) one-year option <b>Jan 1, 2025 – Dec 31, 2025</b>	\$ _____ x 236.2 AC	\$ _____	\$ _____ x 1 yr	\$ _____
Option 5: One (1) one-year option <b>Jan 1, 2026 – Dec 31, 2026</b>	\$ _____ x 236.2 AC	\$ _____	\$ _____ x 1 yr	\$ _____
<b>TOTAL (Annual Rent for 10 Year Lease Term : One(1) five-year term AND five (5) one-year options)</b>				\$ _____

- a) LESSEE agrees to pay the GOVERNMENT an annual rental payment in the amount of \_\_\_\_\_ payable in advance at the rate of \$ \_\_\_\_\_ per annum, semi-annum, quarterly (circle one) by check or postal money order made payable to the **Disbursing Officer – DFAS Cleveland** and delivered to the Real Estate Contracting Officer, subject to any allowance for credit for work approved and performed pursuant to Clause 8 of this LEASE. Rental payments are acknowledged by the GOVERNMENT according to the date that the payment is received.
  - b) As additional consideration, the LESSEE also hereby **agrees to pay** all land based charges assessed by Westlands Water District (WWD) assessed at any time during this LEASE term, regardless of the amount of irrigation waters delivered to these parcels.
  - c) As additional consideration, the LESSEE hereby agrees to pay irrigation water surcharge payments in the amount of \$87.00 per acre-foot of water allocated by WWD. If the WWD allocation is **equal or less than 40%**, the water surcharge will be waived. If the WWD allocation is greater than 40%, the LESSEE shall pay the \$87.00 per acre-foot water surcharge to the GOVERNMENT as additional rent.
- 4) **OPTION TO EXTEND THE TERM OF THE LEASE:** The LEASE may be renewed at the sole option of the GOVERNMENT for five (5) one-year option periods, under the same terms and conditions contained herein. The GOVERNMENT shall exercise its options to extend the term of the LEASE by giving written notice thereof to the LESSEE at least one hundred eighty (180) days prior to the expiration of the LEASE’s initial five-year base term, or any extension thereof. Any extension of the LEASE pursuant to this Clause shall not otherwise modify the terms and conditions of the LEASE set forth or referenced within.
- 5) **USE:** The primary use of the STATION is for military activities. The agricultural LEASE operation is secondary and subject to the military requirements for the land. The LEASED PROPERTY shall be used solely for agricultural purposes. Human occupancy is not allowed. Commercial wholesale or retail sales operations are not allowed on the STATION. It is the express intent of the GOVERNMENT not to let the land lay fallow, but rather to have the available irrigation waters used to the maximum extent possible with sound agricultural practices. All use of the LEASED PROPERTY must be in accordance with the Soil and Water Conservation Plan for Agricultural Outlease, Exhibit “B,” attached hereto and made a part hereof. All uses of the lands of the STATION shall be in accordance with and in full compliance with all applicable federal, state and local environmental laws, regulations

and/or ordinances, including but not limited to laws, regulations and/or ordinances concerning air emissions, water pollution prevention, and permitting requirements.

6) **PERFORMANCE BOND OR SECURITY:**

To secure the faithful performance of LESSEE's obligations hereunder, LESSEE shall provide the GOVERNMENT with a security deposit in the amount equal to **50% of the annual rent shown in Clause 3** (a) or **\$5,000.00**, whichever is **GREATER**. If the GOVERNMENT shall at any time determine that an increase in the amount of security is necessary to make same commensurate with LESSEE's obligations hereunder, LESSEE shall furnish additional security promptly upon request. The Security Deposit provided shall be in the form of either:

- a) Certificate of Deposit:
  - i. Certificate of Deposit shall be accompanied by a Security Agreement, as provided by the GOVERNMENT, fully executed by LESSEE and GOVERNMENT and acknowledged by the financial institution issuing the Certificate of Deposit; and
  - ii. Certificate of Deposit shall be made payable to the LESSEE and the "Department of the Navy"; or
- b) Performance Bond issued by a Corporate Surety and satisfactory to the GOVERNMENT in all respects.
  - i. Performance Bond shall be payable to the "Treasurer of the United States."

If LESSEE shall fully and faithfully comply with all the terms and conditions of this LEASE, the security deposit shall be returned to the LESSEE upon the expiration or earlier termination of the LEASE.

7) **INSURANCE REQUIREMENTS:**

Prior to award of the LEASE, the LESSEE shall submit a certificate of insurance meeting the following requirements. Public Liability and Property Damage shall meet the following requirements at a minimum:

\$2,000,000	Third Party Property Damage
\$3,000,000	Third Party Personal Injury Per Person
\$3,000,000	Third Party Personal Injury Per Accident

The policy/certificate of insurance shall contain the following endorsements:

- a) The insurer waives any right of subrogation against the United States of America which might arise by reason of any payment made under this policy.
- b) The GOVERNMENT shall be given thirty (30) days written notice prior to making any material change in or the cancellation of the policy. Please strike out (and initial) any clauses that state "...failure to make such notice imposes no obligation or liability of any kind upon the company, etc..."
- c) The United States of America (Department of the Navy) is added as an additional insured

in operations of the policyholder at or from the LEASED PROPERTY at Naval Air Station, Lemoore, California.

- d) This insurance certificate is for use of the LEASED PROPERTY at Naval Air Station, Lemoore, California, Contract Number **N6247317RP00027** for **Parcels 4A57 and 4A62 Field 2.**
- e) If, at any time, the GOVERNMENT determines that the insurance maintained by the LESSEE does not in fact adequately protect the GOVERNMENT, LESSEE may be required to carry such other insurance in such form, for such amounts and for such periods of time, and with such insurers as the GOVERNMENT may from time to time require or approve.

8) **CONSERVATION AND MAINTENANCE WORK:**

- a) The LESSEE, shall at their own cost and expense, assume full responsibility for the following conservation and maintenance obligations in accordance with the specifications and guidelines set forth in Clauses 6 (A) (1) through (21) of the Soil and Water Conservation Plan of this LEASE, attached hereto as Exhibit "B."
- b) The LESSEE agrees to perform reimbursable Conservation and Maintenance related work as approved or directed by the GOVERNMENT. Upon prior approval and subsequent completion of such work and the acceptance of same by the GOVERNMENT, the LESSEE shall receive payment in full for the "Actual Costs" of work performed, or shall receive rent credit in the same amount against rents payable under the terms of this LEASE; provided, however, that in no event shall such rent credit exceed the total amount of cash rent called for in the LEASE.
- c) "Actual Costs" as used herein shall mean the sum of:
  - i) direct labor costs, and;
  - ii) direct material costs, when LESSEE has incurred such costs directly in the performance of any Conservation and Maintenance Work approved or directed by the Real Estate Contracting Officer. When LESSEE contracts with third parties for performance of any item of Conservation and Maintenance Work, "Actual Costs" as used herein, shall mean the amount of such contracts that have been approved in advance by the Real Estate Contracting Officer.
- d) Prior to commencement of any Conservation and Maintenance Work for which the LESSEE is to receive credit or payment from the GOVERNMENT, the LESSEE must have a Modification of Contract executed by the Real Estate Contracting Officer setting forth the terms, conditions and the amount of compensation to be paid upon completion of the reimbursable work to the satisfaction of the GOVERNMENT. The following procedures apply:
  - i) GOVERNMENT provides LESSEE with project specifications and written notice to obtain bids.
  - ii) LESSEE obtains a minimum of two bids from qualified contractors and forwards such bids to the Real Estate Contracting Officer. LESSEE may elect to do the work

- him/herself, and LESSEE then must submit to the Real Estate Contracting Officer an itemized bid proposal covering all aspects of the project. In the event the LESSEE elects to do the work him/herself, no other bids are necessary, provided that the LESSEE's bid price does not exceed the GOVERNMENT's cost estimate. For each project or service proposed, LESSEE must include with the project or service description an estimated cost to perform the work. The estimated cost shall be broken down by material, subcontract cost, labor, and overhead.
- iii) Nothing in this LEASE shall preclude the LESSEE from contracting with a third-party contractor for the work. LESSEE shall require any contractor to have a Performance Bond with the penal amount of no less than the estimated cost of the work contracted for. In compliance with Clause 33(d)(i) of this LEASE, LESSEE shall be solely responsible for obtaining any environmental permits required for the proposed work. Copies of all required environmental and/or construction permits shall be provided to the GOVERNMENT prior to execution of work.
  - iv) GOVERNMENT shall review the bids (or single bid proposal if LESSEE elects to do the work him/herself), and if acceptable the GOVERNMENT shall enter into a Modification of Contract with LESSEE authorizing the project. The GOVERNMENT will retain the right to perform a technical review of any proposed work to be performed or personal property to be provided. A GOVERNMENT representative may oversee the work solely for the benefit of the GOVERNMENT, and such GOVERNMENT representative shall confirm satisfactory completion of the work to the Real Estate Contracting Officer. IN NO CASE SHALL LESSEE BEGIN ANY PROJECT WORK PRIOR TO RECEIVING A FULLY EXECUTED MODIFICATION OF LEASE THEREFORE.
  - v) A "not to exceed cost ceiling" will be established in the Modification of Contract for the reimbursable project. The Real Estate Contracting Officer may, upon written request, with supporting rationale from the LESSEE, increase the "not to exceed cost ceiling." Such request for an increase in said amount must be submitted, in writing, prior to incurring any cost in excess of the said amount and sufficiently in advance to provide for GOVERNMENT review of the request and, in any event, not less than ten (10) days prior to the date authorization is required. The LESSEE shall not be obligated to incur costs in excess of the "not to exceed cost ceiling."
  - vi) Upon receipt of a fully executed Modification of Contract, LESSEE shall begin work coordinating all details of the work including starting dates and times, and the location of the work with the STATION Point of Contact (POC), listed in this LEASE in 35(a)(ix)(c).
  - vii) Upon completion of the work, the LESSEE shall submit to the GOVERNMENT an invoice signed by the LESSEE stating the full amount due for the work performed, together with all supporting documents, all bills of sale; receipts for labor and materials used in connection with the project; and in the event the LESSEE performed the work, an itemized bill for all labor and materials.
  - viii) The incurred cost of performing such project or service will be subject to GOVERNMENT audit and should such audited allowable cost be less than the "not to exceed cost ceiling" amount authorized, then the amount of reimbursement or credit towards rent reduction to LESSEE shall be the audited, allowable incurred cost.

- ix) The GOVERNMENT shall inspect the work for adherence to specifications and quality of workmanship, and will review the receipts and bills of sale for adherence to the previously approved bid estimates. The Real Estate Contracting Officer must provide a written final acceptance of the work performed in order for LESSEE to obtain rent reduction credit for the work performance, or reimbursement for actual costs. If the project is acceptable, the Real Estate Contracting Officer will make arrangements for appropriate rental credit or reimbursement to the LESSEE in accordance with applicable provisions of this LEASE.
  - x) Any bills of sale, purchase receipts, written warranty agreements and other indicia or documents of ownership shall be provided to the GOVERNMENT upon its acceptance of the improvement or personal property. Written warranties shall include but not be limited to a warranty that work performed conforms to the contract requirements and is free of any defect in equipment, material or design furnished or workmanship performed, and that the LESSEE or LESSEE's contractor will remedy any failure to conform or any defect. Additionally, warranty shall provide that LESSEE or LESSEE's contractor shall remedy any damage to GOVERNMENT owned or controlled real or personal property when that damage results from either contractor failure to conform to contract requirements or any defect of equipment, material, workmanship or design furnished. All warranties shall name the GOVERNMENT as an additional beneficiary. LESSEE shall enforce all warranties for the benefit of the GOVERNMENT, if directed to do so by the GOVERNMENT.
  - xi) Upon termination of this LEASE pursuant to Clauses 13 and 14, hereof, a final accounting will be performed and the balance of any rent accrued and payable to the GOVERNMENT will be due on demand. Notwithstanding termination, the GOVERNMENT reserves the right to have a final accounting at any time during the course of the LEASE, and to request that the value of any rent accrued up to that date and not already contractually obligated to any specific project or service to be performed, be paid to the GOVERNMENT on demand. Upon termination, at the GOVERNMENT's option, LESSEE shall complete any work or service already contracted for, or if otherwise directed by GOVERNMENT, cease all project work, terminate any contract(s) for such work, and pay all accrued rent.
  - xii) All improvements constructed or installed under this clause are the property of the GOVERNMENT and shall remain in place and intact upon the expiration or earlier termination of this LEASE. Should the LESSEE fail to perform such work (either him/herself or via a contract), the GOVERNMENT may arrange for the work to be completed and LESSEE shall be required to reimburse the GOVERNMENT for costs incurred.
- 9) **GENERAL MAINTENANCE OBLIGATION:** LESSEE, at its own expense, shall so protect, preserve, maintain and repair the LEASED PROPERTY, that the same will at all times be kept in at least as good condition as when received, less ordinary wear and tear and/or loss or damage for which LESSEE is not specifically liable hereunder.
- 10) **RISK OF LOSS-INSURANCE:**
- a) LESSEE shall bear all risk of loss of or damage to the LEASED PROPERTY arising from any cause whatsoever, with or without fault by LESSEE; Provided, however, that LESSEE's liability for any loss or damage resulting from risks expressly required to be

insured against under the LEASE shall not exceed the amount of insurance so required or the amount actually procured and maintained, whichever shall be the greater: Provided, further, that maintenance of the required insurance shall effect no limitation on LESSEE's liability with respect to any loss or damage resulting from the willful misconduct, lack of good faith, or negligence of LESSEE or any of its officers, agents, servants, employees, subtenants, licensees, and/or invitees.

- b) LESSEE shall procure and maintain, at its own expense, insurance on the LEASED PROPERTY in such initial amounts and types as may exceed, but shall not be less than, the minimum amounts and types specified in Clause 7 hereof. However, LESSEE shall provide, maintain, change or discontinue such insurance as the Local Government Representative may from time to time require and direct; Provided, LESSEE's liability for loss of or damage to the LEASED PROPERTY is modified accordingly; Provided, further, that if any insurance requirement is so changed an equitable adjustment shall be made in the amount of the Rent or Maximum Amount to be Expended specified in Clause 3 or 8 hereof so as to reflect any resultant savings or increased cost to LESSEE.
- c) All insurance, which this LEASE requires LESSEE to carry on the LEASED PROPERTY, shall be in such form, for such amounts, for such periods of time and with such insurers as the GOVERNMENT may from time to time require or approve. Each policy of insurance shall contain a provision for thirty (30) days written notice to the Real Estate Contracting Officer prior to the making of any material change in or the cancellation of the policy. LESSEE shall deliver promptly to the Real Estate Contracting Officer a certificate of insurance or a certified copy of each policy of insurance required by this LEASE, and LESSEE shall also deliver to the Real Estate Contracting Officer, no later than thirty (30) days prior to the expiration of any such policy, a certificate of insurance or a certified copy of each renewal policy covering the same risks. All insurance required or carried by LESSEE on any of the LEASED PROPERTY shall be for the protection of the GOVERNMENT and LESSEE against their respective risks and liabilities in connection with the LEASED PROPERTY. Each policy of insurance shall name both LESSEE and the United States of America (Department of the Navy) as the insured, and each policy of insurance against loss of or damage to the LEASED PROPERTY shall contain a loss payable clause reading as follows:
- i. "Loss, if any, under this policy shall be adjusted with (name of LESSEE) and the proceeds, at the election of the GOVERNMENT, shall be payable to (name of LESSEE); any proceeds not paid to (name of LESSEE) shall be payable to the Treasurer of the United States."
- d) In the event that any item or part of the LEASED PROPERTY shall require repair, rebuilding or replacement resulting from loss or damage, the risk of which is assumed by LESSEE under paragraph (a) of this Clause, LESSEE shall promptly give notice thereof to the Real Estate Contracting Officer and, to the extent of its liability as provided in paragraph (a) thereof, shall, upon demand, either compensate the GOVERNMENT for such loss or damage, or rebuild, replace or repair the item or items of the LEASED PROPERTY so lost or damaged, as the GOVERNMENT may elect. In the event that the GOVERNMENT shall direct LESSEE to effect any repair, rebuilding or replacement which the LESSEE is required to effect pursuant to this paragraph, the GOVERNMENT shall direct the payment to LESSEE of so much of the proceeds of any insurance carried by LESSEE and made available to the GOVERNMENT on account of loss of or damage to any item or part of the LEASED PROPERTY as may be necessary to enable LESSEE

to effect such repair, rebuilding or replacement. In the event the GOVERNMENT shall elect not to require LESSEE to repair, rebuild or replace any item or part of the LEASED PROPERTY lost or damaged, LESSEE shall promptly pay to the GOVERNMENT out of any insurance proceeds collected by LESSEE such portion thereof as may be allocable to loss of or damage to the LEASED PROPERTY. When compliance with a GOVERNMENT request to effect any repair, rebuilding or replacement of any lost or damaged item or part of the LEASED PROPERTY would involve the incurring of costs in excess of LESSEE's liability for such loss or damage under this Clause, LESSEE shall be under no obligation to effect same until after a satisfactory agreement has been reached between the GOVERNMENT and LESSEE with regard to GOVERNMENT reimbursement of such excess of costs to LESSEE.

- 11) **REPRESENTATIONS**: LESSEE has examined, knows and accepts the condition and state of repair of the LEASED PROPERTY and the STATION of which it forms a part, and acknowledges that the GOVERNMENT has made no representation concerning such condition and state of repair, nor has the GOVERNMENT made any agreement or promise to alter, improve, adapt, repair or keep in repair the same, or any item thereof or thereupon, which has not been fully set forth in this LEASE, which contains all the agreements made and entered into between the LESSEE and the GOVERNMENT.
- 12) **SUBJECTION TO EXISTING AND FUTURE EASEMENTS AND RIGHTS OF WAY**: This LEASE is subject to all outstanding easements and rights of way over, across, in and upon the LEASED PROPERTY, or any portion thereof, and to the right of the GOVERNMENT to grant such additional easements and/or rights of way over, across, in and upon the LEASED PROPERTY as the GOVERNMENT shall determine to be in the public interest; Provided, that any such additional easement or right of way shall be conditioned on the assumption by the Grantee thereof of liability to LESSEE for such damages as LESSEE shall suffer for property destroyed or property rendered unusable on account of Grantee's exercise of its rights thereunder. There is hereby reserved to the holders of such easements and rights of way as are presently outstanding or which may hereafter be granted, to any workers officially engaged in the construction, installation, maintenance, operation, repair, or replacement of facilities located thereon, and to any Federal, State or local official engaged in the official inspection thereof such reasonable rights of ingress and egress over the LEASED PROPERTY as shall be necessary for the performance of their duties with regard to such facilities.
- 13) **TERMINATION BY GOVERNMENT**:
- a) The GOVERNMENT shall have the right to terminate this LEASE, at any time, without prior notice, and regardless of any lack of breach by LESSEE of any of the terms and conditions of this LEASE. In the event of termination for any reason not involving a breach by LESSEE of the terms and conditions of the LEASE the GOVERNMENT shall make an equitable adjustment of any advance rentals paid by the LESSEE hereunder. If the GOVERNMENT's use of the LEASED PROPERTY does not require immediate possession thereof, LESSEE shall be permitted, within such time as the Real Estate Contracting Officer shall prescribe to harvest, gather and remove from the LEASED PROPERTY such crops as can be so harvested and removed, but if the GOVERNMENT's requirements necessitate immediate repossession of the LEASED PROPERTY, so as to preclude LESSEE from such harvesting and removal of any growing or matured crops. LESSEE hereby specifically releases, remises, and forever discharges the GOVERNMENT from any and all liability or claims of loss or damage of

any nature arising out of such termination and repossession, including, but not limited to destruction of, diminution in value of, or inability to harvest any growing crops.

- b) In the event that the GOVERNMENT shall elect to terminate this LEASE on account of the breach by LESSEE of any of the terms and/or conditions of this LEASE, no adjustment in advance rentals paid by LESSEE shall be made, and the GOVERNMENT shall be entitled to recover and LESSEE shall pay to the GOVERNMENT:
- i. The costs incurred in resuming possession of the LEASED PROPERTY.
  - ii. The costs incurred in performing any obligation on the part of LESSEE to be performed hereunder.
  - iii. An amount equal to the aggregate of all rents, Long Term Maintenance Obligation and charges assumed hereunder and not theretofore paid or satisfied, less the net rentals, if any, collected by the GOVERNMENT on the reletting of the LEASED PROPERTY, which amounts shall be due and payable at the time when such rents, obligations and charges would have accrued or become due and payable under this LEASE.

**14) TERMINATION BY LESSEE:**

- a) LESSEE shall have the right to terminate this LEASE upon ninety (90) days written notice to the Real Estate Contracting Officer in the event of damage to or destruction of all of the improvements on the LEASED PROPERTY or such a substantial portion thereof as to render the LEASED PROPERTY incapable of use for the purposes for which it is leased hereunder; provided:
- i. the Real Estate Contracting Officer either has not authorized or directed the repair, rebuilding or replacement of the improvements or has made no provision for payment for such repair, rebuilding or replacement by application of insurance proceeds or otherwise, and
  - ii. that such damage or destruction was not occasioned by the fault or negligence of LESSEE or any of its officers, agents, servants, employees, subtenants, licensees and/or invitees, or by any failure or refusal on the part of LESSEE to fully perform its obligations under this LEASE.
- b) The LESSEE has the right to terminate this LEASE at the end of the first year, or at the end of any succeeding year, by providing the GOVERNMENT at least 180 days advance written notice.

- 15) SURRENDER:** Upon the expiration of this LEASE or its prior termination, LESSEE shall quietly and peacefully remove itself and all of its property from the LEASED PROPERTY and surrender the possession thereof to the GOVERNMENT; Provided, in the event the GOVERNMENT shall terminate this LEASE upon less than thirty (30) days notice, LESSEE shall be allowed a reasonable period of time, as determined by the Real Estate Contracting Officer, but in no event to exceed thirty (30) days from receipt of notice of termination, in which to remove all of its property from and terminate its operations on the LEASED PROPERTY. During such period prior to surrender, all obligations assumed by LESSEE under this LEASE shall remain in full force and effect; Provided, however, that if the Real Estate Contracting

Officer shall, in his/her sole discretion, determine that such action is equitable under the circumstances, he/she may suspend, in whole or in part, any further accruals of Rent or Maximum Amount to be Expended between the date of termination of the LEASE and the date of final surrender of the LEASED PROPERTY.

16) **RESTORATION OF LEASED PROPERTY:** Before the expiration of the LEASE, or prior to surrender of the LEASED PROPERTY if the LEASE has been terminated prior to LEASE expiration (subject to the language below), LESSEE shall restore the LEASED PROPERTY and each item thereof or thereupon to the condition in which it was first received and used by LESSEE, or to such improved condition as may have resulted from any improvement made therein by the GOVERNMENT or by LESSEE, subject however, to ordinary wear and tear and loss or damage for which LESSEE is not expressly liable hereunder; Provided, in the event the GOVERNMENT shall terminate this LEASE upon less than thirty (30) days notice LESSEE shall have thirty (30) days from receipt of notice of termination to accomplish such restoration.

17) **INSTALLATIONS, ALTERATIONS AND REMOVALS:**

a) It is expressly agreed and understood that LESSEE will make no substantial alterations, additions or betterments to or installations upon the LEASED PROPERTY without the prior WRITTEN APPROVAL of the Real Estate Contracting Officer, and then only subject to the terms and conditions of such approval which may include an obligation of removal and restoration upon the expiration or termination of this LEASE. Except insofar as said terms and conditions may expressly provide otherwise, all such alterations, additions, betterments and installations made by LESSEE shall become the property of the GOVERNMENT when annexed or affixed to the LEASED PROPERTY or any part thereof.

b) All improvements constructed or installed by the LESSEE on the LEASED PROPERTY, with the limited exception of pumps, holding tanks, motors, portable offices, and other portable equipment, whether constructed or installed at LESSEE's expense or on a reimbursable basis, become the property of the GOVERNMENT upon expiration or earlier termination of the LEASE, without any payment being made by the GOVERNMENT, unless prior written approval, in accordance with paragraph (a) of this clause, allows for the removal of such improvements. With regard to pumps, holding tanks motors, portable offices, and other portable equipment, such items must be removed from the LEASED PROPERTY prior to the expiration or termination of this LEASE or any extension thereof. Provided, that in the event of termination by the GOVERNMENT upon less than thirty (30) days notice, LESSEE may remove such pumps, holding tanks motors, portable offices, and other portable equipment LESSEE has placed upon the LEASED PROPERTY within thirty (30) days from the receipt of notice of termination. All property not so removed shall be deemed abandoned by LESSEE and may be used or disposed of by the GOVERNMENT in any manner whatsoever without any liability to LESSEE, but such abandonment shall in no way reduce any obligation of LESSEE to the GOVERNMENT pursuant to Clause 16 hereof.

18) **INDEMNIFICATION BY LESSEE GOVERNMENT NON-LIABILITY:** LESSEE covenants that it will indemnify and save and hold harmless the GOVERNMENT, its officers, agents, assignees, licensees and employees for and from and all liability or claims for loss of or damage to any property owned by or in the custody of LESSEE, its officers, agents, servants, employees, subtenants, licensees, or invitees, or for the death of or injury to any of the same

which may arise out of or be attributable to the condition, state of repair or LESSEE's use and occupancy of the LEASED PROPERTY, or the furnishing of any utilities or services, or any interruption therein or failure thereof, whether or not the same shall be occasioned by the negligence or lack of diligence of LESSEE, its officers, agents, servants or employees.

19) **UTILITIES AND SERVICES:**

(a) In the event that the GOVERNMENT shall furnish LESSEE with any utilities and/or services maintained by the GOVERNMENT which LESSEE may require in connection with its use of the LEASED PROPERTY, LESSEE shall pay the GOVERNMENT the charges therefore in addition to the cash rent (and any other charges/payments) required under this LEASE. Notwithstanding the requirements set forth in Clauses 3 (b) and (c), such charges for utilities and services, and the method of payment thereof shall be determined by the appropriate supplier of such service, in accordance with applicable laws and regulations, on such basis as the appropriate supplier of such service may establish which may include a requirement for the installation of adequate connecting and metering equipment at the sole cost and expense of LESSEE. It is expressly agreed and understood that the GOVERNMENT in no way warrants the continued maintenance or adequacy of any utilities and/or services furnished to the LESSEE. It is also expressly agreed and understood that the GOVERNMENT does not hereby guarantee that it will provide any specific utilities and/or services to the LESSEE.

20) **LIENS:** LESSEE shall promptly discharge or cause to be discharged any valid lien, right in rem, claim or demand of any kind, except one in favor of the GOVERNMENT, which at any time may arise or exist with respect to the LEASED PROPERTY or materials or equipment furnished therefore, or any part thereof, and if the same shall not be promptly discharged by LESSEE, the GOVERNMENT may discharge, or cause to be discharged, the same at the expense of LESSEE.

21) **ACCESS:** The GOVERNMENT shall have access to the LEASED PROPERTY at all reasonable times for any purposes not inconsistent with the quiet use and enjoyment thereof by LESSEE, including, but not limited to, the purpose of inspection.

22) **STATE AND LOCAL TAXES:** In the event that as a result of any future Act of Congress, subjecting GOVERNMENT-owned property to taxation, any taxes, assessments or similar charges are imposed by State or local authorities upon the LEASED PROPERTY (other than upon LESSEE's possessory interest therein), LESSEE shall pay the same when due and payable and this LEASE shall be renegotiated so as to accomplish an equitable reduction in the amount of the Rent of Maximum Amount to be Expended specified in Clause 3 hereof, which reduction shall in no event exceed the amount of such taxes, assessments, or similar charges; Provided, in event the parties hereto are unable to agree within ninety (90) days from the date of the imposition of such taxes, assessments, or similar charges, upon a rental which in the opinion of the Real Estate Contracting Officer constitutes a reasonable return to the GOVERNMENT on the LEASED PROPERTY, the Real Estate Contracting Officer shall have the right to determine the amount of the rental, which determination shall be unilaterally binding on LESSEE, subject to the LESSEE's appeal of such determination, which shall be treated as a dispute in accordance with the provisions of Clause 23 hereof.

23) **DISPUTES CLAUSE (July 2002):**

a) This LEASE is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. § 7101-7109)

- b) Except as provided in the Act, all disputes arising under or relating to this LEASE shall be resolved under this clause.
- c) "Claim," as used in this clause, means a written demand or written assertion by the LESSEE or the GOVERNMENT seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of LEASE terms, or other relief arising under or relating to this LEASE. However, a written demand or written assertion by the LESSEE seeking the payment of money exceeding \$100,000 is not a claim under the Act until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- d)
- i) A claim by the LESSEE shall be made in writing and, unless otherwise stated in his LEASE, submitted within 6 years after accrual of the claim to the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest for a written decision. A claim by the GOVERNMENT against the LESSEE shall be subject to a written decision by the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest.
- ii)
- (a) The LESSEE shall provide the certification specified in Clause 23 (d)(ii)(c) of this clause when submitting any claim exceeding \$100,000.
- (b) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.
- (c) The certification shall state as follows:
- "I certify that the claim is made in good faith; that the supporting data is accurate and complete to the best of LESSEE's knowledge and belief; that the amount requested accurately reflects the LEASE adjustment for which the LESSEE believes the GOVERNMENT is liable; and that I am duly authorized to certify the claim on behalf of the LESSEE."
- iii) The certification may be executed by any person duly authorized to bind the LESSEE with respect to the claim.
- e) For LESSEE claims of \$100,000 or less, the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest must, if requested in writing by the LESSEE, render a decision within 60 days of the request. For LESSEE-certified claims over \$100,000, the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest must, within 60 days, decide the claim or notify the LESSEE of the date by which the decision will be made.
- f) The Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest decision shall be final unless the LESSEE appeals or files a suit as provided in the Act.

- g) If the claim by the LESSEE is submitted to the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest or a claim by the GOVERNMENT is presented to the LESSEE, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the LESSEE refuses an offer for ADR, the LESSEE shall inform the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest, in writing, of the LESSEE's specific reasons for rejecting the offer.
- h) The GOVERNMENT shall pay interest on the amount found due and unpaid from
- (i) the date that the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest receives the claim (certified, if required); or
- (ii) the date that payment otherwise would be due, if that date is later, until the date of payment. With regard to claims having defective certifications, as defined in FAR 33.201, interest shall be paid from the date that the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest initially receives the claim. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.
- i) The LESSEE shall proceed diligently with performance of this LEASE, pending final resolution of any request for relief, claim, appeal, or action arising under the LEASE, and comply with any decision of the Real Estate Contracting Officer, Naval Facilities Engineering Command, Southwest.
- 24) **COVENANT AGAINST CONTINGENT FEES:** LESSEE warrants that no person or agency has been employed or retained to solicit or secure this LEASE upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial agencies maintained by LESSEE for the purpose of securing business. For breach or violation of this warranty, the GOVERNMENT shall have the right to annul this LEASE without liability or in its discretion to require LESSEE to pay, in addition to the rental or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.
- 25) **OFFICIALS NOT TO BENEFIT:** No Member of or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this LEASE, or to any benefit to arise therefore, but this provision shall not be construed to extend to this LEASE if made with a corporation for its general benefit.
- 26) **FAILURE OF GOVERNMENT TO INSIST ON COMPLIANCE:** The failure of the GOVERNMENT to insist, in any one or more instances, upon performance of any of the terms, covenants or conditions of this LEASE shall not be construed as a waiver or relinquishment of the GOVERNMENT's right to the future performance of any such terms, covenants or conditions and LESSEE's obligations in respect to such future performance shall continue in full force and effect.
- 27) **ASSIGNMENT OR SUBLETTING:**

- a) The LESSEE shall neither transfer, assign, nor sublet this LEASE or any interest in it, or any property on the LEASED PROPERTY, or grant any interest, privilege, or license whatsoever in connection with this LEASE without the prior written consent of GOVERNMENT. Consent shall not be unreasonably withheld or delayed.
- b) Any SUBLEASE granted by LESSEE shall contain a copy of this LEASE as an attachment and be consistent with the terms and conditions of this LEASE and shall terminate immediately upon the expiration or any earlier termination of this LEASE, without any liability on the part of GOVERNMENT to LESSEE or any SUBLESSEE, except as specifically stated in this LEASE. No SUBLEASE shall relieve LESSEE of any of its obligations under this LEASE. Under any SUBLEASE made with or without consent of GOVERNMENT, the SUBLESSEE shall be deemed to have assumed all of the obligations of LESSEE under this LEASE. Every SUBLEASE shall be subject to, and shall be deemed to contain, the Environmental Protection provisions set forth in Clause 33 below.
- c) LESSEE shall submit to GOVERNMENT for its prior written consent, a copy of each SUBLEASE the LESSEE proposes to execute. Such consent may include a requirement that LESSEE renegotiate the sublease to conform to the provisions of this LEASE. Consent to the SUBLEASE shall not be taken or construed to diminish or enlarge any of the rights or obligations of either of the parties of this LEASE. Should a conflict arise between the provisions of this LEASE and a provision of the SUBLEASE, the provisions of this LEASE shall take precedence. Upon its execution, a copy of each sublease shall be immediately furnished to the GOVERNMENT.
- d) All requests for SUBLEASES will require review by the appropriate government agencies. Any costs associated with the modification of the LEASE, including but not limited to studies and environmental reviews, will be at no cost to the GOVERNMENT. Requests for a SUBLEASE shall include payment of a Real Estate Processing Fee at the discretion of the GOVERNMENT. If the request for a SUBLEASE is denied, the Real Estate Processing Fee will be returned, without interest, as soon as practicable.
- e) SUBLEASES may be authorized only by a written modification to the LEASE. Request for modification will include a copy of the draft SUBLEASE or contract between the LESSEE and proposed SUBLESSEE.

**28) LABOR PROVISION - EQUAL OPPORTUNITY**

- a) During the term of this LEASE the LESSEE agrees as follows:
  - i. The LESSEE will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The LESSEE will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; selection for training, including apprenticeship. The LESSEE agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the GOVERNMENT setting forth the provisions of this nondiscrimination clause.

- ii. The LESSEE will, in all solicitations or advertisements for employees placed by or on behalf of the LESSEE, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
  - iii. The LESSEE will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding a notice to be provided by the GOVERNMENT, advising the labor union or worker's representative of the LESSEE's commitments under this Equal Opportunity clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
  - iv. The LESSEE will comply with all provisions of Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 of October 13, 1967, and with the rules, regulations, and orders of the Secretary of Labor.
  - v. The LESSEE will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 of October 13, 1967, and by the rules, regulations, and orders of the Secretary of Labor or pursuant thereto, and will permit access to his books, records, and accounts by the GOVERNMENT (including but not limited to the Secretary of Labor), for purposes of investigating to ascertain compliance with such rules, regulations, and orders.
  - vi. In the event of the LESSEE's noncompliance with the Equal Opportunity clause of this LEASE or with any of the above-referenced rules, regulations, or orders, this LEASE may be canceled, terminated or suspended in whole or in part and the LESSEE may be declared ineligible for further GOVERNMENT contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 of October 13, 1967, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 of October 13, 1967, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
  - vii. The LESSEE will include the provisions of Clauses 28 (a) (i) through 28 (a) (vii) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 of October 13, 1967, so that such provisions will be binding upon each SUBLESSEE or vendor. The LESSEE will take such action with respect to any SUBLESSEE or purchase order as the GOVERNMENT may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the LESSEE becomes involved in, or is threatened with, litigation with SUBLESSEE or vendor as a result of such direction by the GOVERNMENT, the LESSEE may request the United States to enter into such litigation to protect the interests of the United States. However, the GOVERNMENT makes no guarantee as to whether the GOVERNMENT will enter into or participate in any such litigation.
- b) Convict Labor. In connection with the performance of work required by this LEASE, LESSEE agrees not to employ any person undergoing a sentence of imprisonment at hard labor.
- c) Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701, et. seq.). This

LEASE, to the extent that it is a contract of a character specified in the Contract Work Hours and Safety Standards Act and is not covered by the Walsh-Healey Public Contracts Act (41 U.S.C. §§ 6501, et. seq.), is subject to the following provisions and exceptions of said Contract Work Hours Standards Safety Act and to all other provisions and exceptions of said law:

- i. The LESSEE shall not require or permit any laborer or mechanic in any workweek in which he is employed on any work under this contract to work in excess of 8 hours in any calendar day or in excess of 40 hours in such workweek on work subject to the provisions of the Contract Work Hours Standards Act unless such laborer or mechanic receives compensation at a rate not less than one and one-half times his basic rate of pay for all such hours worked in excess of 8 hours in any calendar day or in excess of 40 hours in such workweek, whichever is the greater number of overtime hours. The "basic rate of pay," as used in this clause, shall be the amount paid per hour, exclusive of the LESSEE's contribution or cost for fringe benefits and any cash payment made in lieu of providing fringe benefits, or the basic hourly rate contained in the wage determination, whichever is greater.
- ii. In the event of any violation of the provisions of paragraph (i) above, the LESSEE shall be liable to any affected employee for any amounts due, and to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions of paragraph (i) above in the sum of \$10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of 8 hours or in excess of the standard workweek of 40 hours without payment of the overtime wages required by paragraph (i) above.

29) **GOVERNMENT RULES AND REGULATIONS:** LESSEE shall comply with such rules and regulations regarding STATION security, ingress, egress, safety and sanitation as may be prescribed, from time to time, by the Real Estate Contracting Officer or by the Commanding Officer of the STATION. Such rules and regulations are subject to change at any time.

30) **NOTICES:**

Notices shall be sufficient under this LEASE if made in writing and submitted in the case of LESSEE to:

[LESSEE's name, street address, fax number]

and in the case of the GOVERNMENT to:

Naval Facilities Engineering Command Southwest  
Attn: Desert IPT, Asset Management  
1220 Pacific Highway, Bldg 130  
San Diego, CA 92132-5190  
FAX: 619-532-1242

Such notice shall be deemed to have been given unless delivered personally, five (5) days after deposited in the U.S. mail, postage pre-paid, certified mail, return receipt requested and addressed as set forth above or to such other address as either party shall have provided to the other by like notice; or upon confirmation of receipt if sent by facsimile on a

regular business day and addressed as set forth above; or within twenty-four (24) hours, or the next business day if sent by an overnight delivery service such as FedEx.

- 31) **INTEREST:** Notwithstanding any other provision of this LEASE, unless paid within thirty (30) days, all amounts that become payable by the LESSEE to the GOVERNMENT under this LEASE (net of any applicable tax credit under the Internal Revenue Code) shall bear interest from the date until paid and shall be subject to adjustments as provided by Part 6 of Appendix E of the Armed Services Procurement Regulation, as in effect on the date of this LEASE. The interest rate per annum shall be the interest rate in effect which has been established by the Secretary of the Treasury pursuant to Public Law 92-41; 85 STAT 97 for the Renegotiation Board, as of the date the amount becomes due as herein provided. Amounts shall be due upon the earliest one of (i) the date fixed pursuant to this LEASE; (ii) the date of the first written demand for payment, consistent with this LEASE, including demand consequent upon default termination; (iii) the date of transmittal by the GOVERNMENT to the LESSEE of a proposed supplemental agreement to confirm completed negotiations fixing the amount; or (iv) if this LEASE provides for revision of prices, the date of written notice to the LESSEE stating the amount of refund payable in connection with a pricing proposal or in connection with a negotiated pricing agreement not confirmed by LEASE amendment.
- 32) **ADMINISTRATION:** The Real Estate Contracting Officer specified in Clause 38 (b) of this LEASE shall, under the direction of the Commanding Officer, Naval Facilities Engineering Command Southwest, have complete charge of the administration of this LEASE, and shall exercise full supervision and general direction thereof insofar as the interests of the GOVERNMENT are affected.
- 33) **ENVIRONMENTAL PROVISIONS:** The following definitions shall apply to this LEASE:
- a) "Hazardous Material" means any substance:
    - i. The presence of which requires investigation or remediation under any applicable federal, state or local statute, regulation, ordinance, order, action, policy or common law; or
    - ii. Which is or becomes defined as a "hazardous waste," or hazardous substance," pollutant or contaminant pursuant to any federal, state or local statute, regulation, rule or ordinance now or hereafter in effect, including but limited to the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C. §§ 9601, et seq.) and/or the Resource Conservation and Recovery Act (RCRA) (42 U.S.C. §§ 6901, et seq.); and/or California Health & Safety Code §§ 25100, et seq.
    - iii. Which is toxic, reactive, explosive, corrosive, ignitable, flammable, infectious, radioactive, carcinogenic, or otherwise hazardous and is or becomes regulated by any governmental authority, agency, department, commission, board, agency or instrumentality of the United States, the State of California or any political subdivision thereof; or
    - iv. Which contains gasoline, diesel fuel or any other petroleum hydrocarbons, polychlorinated biphenyls (PCBs), asbestos, or urea formaldehyde foam insulation.

- b) "Environmental Requirements" mean all applicable present and future statutes, regulations, rules, ordinances, codes, licenses, permits, orders, approvals, plans or authorizations and similar items of all governmental agencies, departments, commissions, boards, bureaus, or instrumentalities of the United States, states and political subdivisions thereof and all applicable judicial, administrative and regulatory decrees, judgments and orders relating to the protection of human health or the environment and occupational safety and public health and safety, including but not limited to those pertaining to reporting, licensing, permitting, investigation and remediation of emissions, discharges, release or threatened releases of Hazardous Materials, chemical substances, pollutants, contaminants or hazardous or toxic substances, materials or wastes.
- c) "Environmental Damages" mean all claims, judgments, damages, fines, liabilities, encumbrances, liens, costs and expenses of investigation and defense of any claim, whether or not such claim is defeated, and of any good faith settlement or judgment, of whatever kind or nature, contingent or otherwise, matured or unmatured, foreseeable or unforeseeable, including without limitation reasonable attorneys' fees and consultants' fees, any of which are incurred at any time as a result of (i) the release or threat of release of any hazardous substance, hazardous constituent, hazardous waste, pollutant, or contaminant into the environment; (ii) the existence of Hazardous Materials (A) upon or beneath the LEASED PROPERTY or (B) migrating or threatening to migrate from the LEASED PROPERTY, or (iii) a violation of Environmental Requirements pertaining to the LEASE, and including damages to a person or injury to property or natural resources, occurring upon or off of the LEASED PROPERTY, and all other costs incurred in connection with the investigation or remediation of such Hazardous Materials or violation of Environmental Requirements, including but not limited to the performance of any cleanup, remediation, removal, corrective action, response, abatement or monitoring work required by any federal, state or local government agency.
- d) Covenants and Requirements:
- i. LESSEE and its officers, employees, agents, and contractors shall be solely responsible for obtaining, at no cost to the GOVERNMENT, any and all environmental permits or approvals required for LESSEE's actions with respect to the LEASE, independent of any existing federal, state, and/or local permits held by the Department of the Navy.
  - ii. LESSEE and its officers, employees, agents, and contractors shall comply with all Environmental Requirements. LESSEE shall be solely responsible for any and all Environmental Damages, including but not limited to fines; penalties; environmental fees or taxes and any interest thereon; enforcement actions instituted in connection with LESSEE's use, or otherwise imputed to LESSEE by law through others' use or occupancy, of the LEASED PROPERTY; all costs of corrective action or response to include removal or remedial action incurred by the United States not inconsistent with the National Contingency Plan (NCP); any other necessary costs of response incurred by any other person consistent with the NCP; damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction or loss; and the costs of any health assessment or health effects study carried out under 42 U.S.C. §§ 9604.

iii. Use, Storage, Treatment and Disposal of Hazardous Materials on LEASED PROPERTY.

(a) The LESSEE shall strictly comply with the Environmental Requirements, including but not limited to all applicable Federal, State, and local laws and regulations governing release reporting, use, storage, management, and disposal of Hazardous Materials on the LEASED PROPERTY. Except as specifically authorized by the GOVERNMENT in writing, LESSEE must provide at its own expense of such Hazardous Materials management complying with all Environmental Requirements. GOVERNMENT hazardous waste management facilities will not be available to LESSEE. Nor shall LESSEE permit its Hazardous Materials to be commingled with waste of the Department of the Navy. Any violations of the requirements of this condition shall be deemed a material breach of this Lease.

(b) 10 U.S.C. § 2692 prohibits storage, treatment, or disposal of any material that is toxic or hazardous which is not owned either by the Department of Defense or by a member of the armed forces, on a Department of Defense installation unless the Secretary of the Navy grants a waiver for such activity. LESSEE covenants that it shall not store, produce, manufacture, generate, refine, treat, discharge, release, or dispose of upon, about, or beneath the LEASED PROPERTY any Hazardous Material except as specifically approved by the Secretary of Navy in accordance with 10 U.S.C. § 2692. This prohibition does not apply to the proper use, temporary accumulation, and associated incidental storage of limited quantities of pesticides, insecticides, herbicides, fungicides, rodenticides, algacides, and fertilizers, or limited quantities of waste generated there from, pursuant to activities authorized under Paragraph 6 of the attached Exhibit "B." Prior to the use of any such chemicals on the LEASED PROPERTY, LESSEE shall comply with the approval requirements of Section 6(A)(5) of the Soil and Water Conservation Plan.

(c) In the event LESSEE desires to engage in an activity prohibited by 10 U.S.C. § 2692 on the LEASED PROPERTY, LESSEE shall notify the GOVERNMENT prior to engaging in such activity, and shall cooperate with the GOVERNMENT in the GOVERNMENT's efforts to obtain the waiver required by 10 U.S.C. § 2692. In addition, prior to implementing any changes in activities conducted under such waiver, LESSEE shall notify the GOVERNMENT of any such planned changes and shall cooperate with the GOVERNMENT in obtaining any additional waiver necessitated by the change.

iv. Except as set forth in Clause 33 (a) (ii), LESSEE covenants that it shall not cause any Hazardous Material to be brought upon, treated, kept, stored, disposed of, discharged, released, produced, manufactured, generated, refined or used upon, about or beneath the LEASE except as specifically approved by the Secretary of the Navy in accordance with 10 U.S.C. §2692. If such approval is obtained, LESSEE shall strictly comply with the Environmental Requirements, including applicable Federal, State, and local laws and regulations governing use, storage, and release reporting of Hazardous Materials on the LEASE and the management/disposal of Hazardous Materials. Except as specifically authorized by the GOVERNMENT in writing, LESSEE must provide at its own expense for such Hazardous Materials management complying with all Environmental Requirements. GOVERNMENT

hazardous waste management facilities will not be available to LESSEE. Nor shall LESSEE permit its Hazardous Materials to be commingled with waste of the Department of the Navy. Any violation of the requirements of this condition shall be deemed a material breach of this LEASE.

- v. If any Hazardous Material is brought upon, treated, kept, stored, disposed of, discharged, released, produced, manufactured, generated, refined or used upon, about or beneath the LEASED PROPERTY or any portion thereof in violation of any Clause in the LEASE or is in existence in, on or under the LEASED PROPERTY, LESSEE shall, at the direction of the GOVERNMENT or any federal, state or local authority, remove or remediate such Hazardous Material and/or otherwise comply with the Environmental Requirements of such authority.
- vi. LESSEE releases, remits, and forever discharges the GOVERNMENT, its officers, agents, and employees of and from any and all claims, causes of action, injuries, damages, and demands whatsoever in law or in equity arising out of, or connected with, LESSEE's use of otherwise imputed to LESSEE by law through others' use or occupancy of the LEASED PROPERTY. LESSEE agrees to indemnify, defend, and hold harmless the United States against all fines, claims, damages, law suits, judgments, and expenses arising out of such use and/or occupancy of the LEASED PROPERTY and not resulting from the negligence or willful intent or misconduct of GOVERNMENT, its officers, agents, and/or employees.
- vii. Any agency of the United States, its officers, agents, employees, and contractors, may enter upon the LEASED PROPERTY, at all reasonable times for any purposes including, but not limited to, purposes of inspection. The GOVERNMENT normally will give the LESSEE twenty-four (24) hours prior notice of its intention to enter the LEASED PROPERTY, unless it determines sooner entry is required for safety, environmental, operations, or security purposes. The LESSEE shall have no claim against the United States or any officer, agent, employee or contractor thereof, on account of any such entries. The GOVERNMENT's right of inspection shall be without prejudice to the right of duly constituted enforcement officials to make inspections. The right of GOVERNMENT access shall also include the right to conduct any environmental response actions the GOVERNMENT deems necessary.
- viii. Worker Protection Standard (WPS) for Agricultural Pesticides. The LESSEE shall follow all WPS requirements on pesticide labels including: Personal Protective Equipment (PPE), Application Requirements, and Agricultural Use Requirements – Restricted-Entry Interval (REI), Early-Entry PPE and Non-hand Labor Early-Entry. The U.S. Environmental Protection Agency, or the California Environmental Protection Agency of Agriculture and Pest Protection can provide the LESSEE with additional WPS information.
- ix. Pollution Prevention and Right-To-Know Information (August 2003)
  - (a) *Definitions.* As used in this clause—"Priority chemical" means a chemical identified by the Interagency Environmental Leadership Workgroup or, alternatively, by an agency, "Toxic chemical" means a chemical or chemical category listed in 40 CFR 372.65.
  - (b) Pursuant to Executive Order 13423, Federal facilities comply with the provisions

of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. §§ 11001-11050) and the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. §§ 13101-13109).

(c) The LESSEE shall provide all information needed by the Federal facility to comply with the following:

- (i) The emergency planning reporting requirements of Section 302 of EPCRA.
- (ii) The emergency notice requirements of Section 304 of EPCRA.
- (iii) The list of Material Safety Data Sheets, required by Section 311 of EPCRA.
- (iv) The emergency and hazardous chemical inventory forms of Section 312 of EPCRA.
- (v) The toxic chemical release inventory of Section 313 of EPCRA, which includes the reduction and recycling information required by Section 6607 of PPA.
- (vi) The toxic chemical, priority chemical, and hazardous substance release and use reduction goals of Sections 502 and 503 of Executive Order 13423.

**34) SAFETY AND HEALTH REQUIREMENTS:**

- a) LESSEES, employers, and/or business owners shall develop and implement a written safety and health program (SHP) for their employees involved in any agricultural operations under the GOVERNMENT'S agricultural lease program.
- b) The program shall be designed to identify, evaluate and control safety and health hazards and provide ways, means and methods to protect employees from potential injury or illness.
- c) Subcontractors shall develop and implement their own SHP and shall comply with the requirements of this guidance. If a subcontractor does not have its own SHP, the LESSEE or business owner shall include the subcontractor in his/her written SHP describing the subcontractor and its operation.
- d) A site safety and health officer (SSHO) shall be assigned and designated in writing and shall have the following qualifications:
  - (i) A minimum of two (2) years experience in agricultural operations.
  - (ii) A minimum of one (1) year of experience in implementing safety and health programs in an agricultural site.
  - (iii) 10-hour OSHA safety class or equivalent within the last 5 years.
  - (iv) Competent person training as needed.
- e) The SHP shall be continuously reviewed throughout the life of the LEASE. At a minimum, reviewed yearly and amended as necessary, especially when new hazards, not originally identified in the program, are discovered.
- f) A copy of the written SHP shall be on site and be made available to any contractor, subcontractor, to employees, OSHA, and other federal, state and local agency with regulatory authority over the site.
- g) Accident/mishap reporting: Any mishap or accident that requires reporting of injuries,

illness, and property damage under OSHA shall be reported to the base's Officer of the Day (OOD) and the STATION POC within 24 hours of the incident. The LESSEE, employer, and/or business owner shall conduct an accident/mishap investigation and provide a copy of the report to the OOD and STATION POC within five (5) calendar days of the incident.

35) **SPECIAL PROVISIONS:**

- a) In accordance with Clause 29, Government Rules and Regulations hereof, the following additional requirements are prescribed at this time:
  - i. Possessory Interest Tax: Where applicable, the leasehold interest in GOVERNMENT-owned land may be subject to State and local taxation as a possessory interest in tax exempt real property. The amount of assessment to be charged to the LESSEE is determined by the County Assessor. Such taxes are the sole responsibility and liability of the LESSEE.
  - ii. LESSEE shall not store on the LEASED PROPERTY any property that is dangerous to public health or safety, without providing adequate safeguards. No property of this type shall be abandoned or destroyed on the LEASED PROPERTY. The GOVERNMENT assumes no liability for damage to the LEASED PROPERTY or for personal injuries sustained as a result of removal or use of the property that is dangerous to public health and safety. Furthermore, the GOVERNMENT shall be held harmless from any and all demands, suits, actions and claims arising from any storage, use or disposal of any property that is dangerous to public health and safety.
  - iii. Notwithstanding Clause 33 (d) (iii), the LESSEE may store and use fuel and motor oil on parcels which have a dedicated ground water well, provided such fuel and motor oil is used exclusively for the operation of said groundwater well and appurtenances. Such storage containers shall be equipped with a locking valve and secured any time the pump is not in use. No such fuel or motor oil shall be abandoned or otherwise disposed of on the LEASED PROPERTY. The GOVERNMENT assumes no liability for damage to such property or for personal injuries sustained as a result of removal or use of such fuel or motor oil. Furthermore, the LESSEE shall hold the GOVERNMENT harmless from any and all liability or claims for damage to or loss of property, or for injury or death, which may arise out of or be attributable to any such use or disposal, in accordance with Clause 18 herein.
  - iv. In the event LESSEE stores fuel and/or motor oil, LESSEE shall bring secondary containment into compliance with 40 C.F.R Part 112.
  - v. LESSEE shall not mix or store pesticides, herbicides or fertilizers on the LEASED PROPERTY. LESSEE shall be allowed temporary staging of approved pesticides, herbicides or fertilizers. Temporary staging is defined as the duration of any application of the approved product. Under no circumstances shall LESSEE be allowed overnight staging. LESSEE shall conduct decontamination of applicators of pesticides, herbicides, and fertilizers off the LEASED PROPERTY.
  - vi. Cost Sharing Assistance: Cost sharing assistance may be available to the LESSEE under U. S. Department of Agriculture, Conservation Programs. The LESSEE,

however, shall not apply for or accept any federal cost sharing payment for any soil and water conservation practice required by the LEASE that will result in duplicate payment for such practice. Projects completed as partial or entire consideration for the LEASE, or for which reimbursement is made by the Department of the Navy, are not qualified as cost sharing projects under the USDA Conservation Programs. Any LESSEE of the STATION's agricultural or grazing lands who wishes to enter into any U.S. Department of Agriculture Conservation Program contract or agreement shall do so solely at the discretion of and subject to the USDA rules and regulations. The GOVERNMENT, Department of Navy, makes no guarantee to the LESSEE regarding normal crop acreages, allotments for crops, or the status of outleased land as being qualified for USDA programs.

vii. The LESSEE shall be available at all times to correct emergency situations with regard to the LEASE. The LESSEE shall provide the STATION POC with emergency telephone numbers where the LESSEE may be contacted during working and non-working hours. The LESSEE shall also provide at least one alternative point of contact (name, address, and phone number) that may act on behalf of the LESSEE in emergency situations. The LESSEE or his alternate(s) shall be available for contact seven days per week, 24 hours per day and should arrive on STATION within two hours after being notified in any way of an emergency.

a. LESSEE Alternative Point of Contact authorized to act on behalf of the LESSEE in emergency situations:

Name:  
Address:  
Home Telephone:  
Mobile Telephone:  
Email:

viii. Hazardous Waste: All hazardous waste generated on the LEASED PROPERTY must be transported and disposed of offsite in accordance with federal, state, and local law. The LESSEE shall use its own EPA Identification Number and all hazardous waste shipments must be accompanied by a manifest listing the LESSEE's EPA ID Number. LESSEE shall provide copies of the manifests to the Base Environmental Department point of contact.

ix. The LESSEE shall coordinate all activities with the STATION POC or his/her designated representative identified in Clause 35 (a)(ix)(c) below. GOVERNMENT Points of Contact (POC) are identified below:

a. LEASE Issues:

Commanding Officer  
Naval Facilities Engineering Command Southwest  
Attn: Gene Beale, Realty Specialist, Desert IPT  
1220 Pacific Highway  
San Diego, CA 92132-5190  
Telephone: (619) 532-1027  
Email: gene.beale@navy.mil

b. Soil and Water Conservation Plan Issues (Natural Resources POC)

Integrated Product Team (IPT) Desert  
Naval Facilities Engineering Command Southwest  
Attn: Conception (Connie) Flores, Code: JE20.CF  
1220 Pacific Highway  
San Diego, California 92132  
Telephone: (619) 532-1850  
Email conception.flores@navy.mil

c. Station Point of Contact (STATION POC)

Public Works Department - Environmental Management Division  
Naval Air Station Lemoore  
Attn: Tim Schweizer  
750 Enterprise Avenue  
Lemoore, California 93246-5051  
Telephone: (559) 998-3251  
Email: timothy.schweizer@navy.mil

**SOIL AND WATER CONSERVATION PLAN FOR  
AGRICULTURAL OUTLEASE  
NAVAL AIR STATION LEMOORE, CALIFORNIA  
PARCELS 4A57 and 4A62 Field 2**

---

The LESSEE shall apply conservation measures and use the premises of the Naval Air Station, Lemoore (STATION) by following the minimum requirements contained in this document. It is expected the LESSEE will perform other agricultural practices that will increase production of crops and preserve the productivity of the soil.

The LESSEE shall in no manner substantially change the contour or condition of the land without the express written authority from the GOVERNMENT and with written concurrence from the STATION. No changes regarding the LEASED use described herein or any other activity which will affect the natural resources on the LEASED PROPERTY will be made without the advance written approval from the GOVERNMENT, and with concurrence from the STATION.

1. **DESCRIPTION:** The LEASED PROPERTY; Parcel 4A45; is located on the Naval Air Station, Lemoore, in Kings County, California. The LEASED PROPERTY boundary is shown in Exhibit "A". There is approximately 236.2 total acres designated irrigated farmland. Soils of the LEASED PROPERTY in general are well to moderately well-drained and are affected by salt and alkali. Depth of soil ranges from 20 to 36 inches over plow pan. Texture of the surface layer is predominately sandy loam to clay loam. The soils have relatively high water holding capacity and low water intake rates. **These soils require continuous, careful management to overcome the adverse effects of salts and alkali on crop production.** Such management practices include annual application of soil amendments, soil ripping, soil testing, proper irrigation water management, and proper drainage. Additionally, in order to enhance water distribution if employing flood irrigation methods, management practices such as land leveling are recommended. In the past, LESSEEs have achieved significant cost-effective increases in crop yields by applying gypsum, lime-sulfur, and/or sulfuric acid to the soil. Most crops grown on these soils require nitrogen and phosphorus fertilizers. Specific information on the soil characteristics of the LEASED PROPERTY is found in Appendix "A," Soil Map, and Appendix "B," the Soil Capability Map Summary.

2. **USE:** The primary use of the STATION is for military activities. The agricultural LEASE operation is secondary and subject to the military requirements for the land. Typical crops grown on the irrigable fields are: cotton, seed crops such as barley, wheat, safflower, garbanzo beans, field corn, melons, sugar beets, tomatoes, garlic, and onions. The planting of vineyard, orchard, rice crops, alfalfa hay or sod farming is not allowed.

3. **STATION COORDINATION:** The LESSEE shall coordinate their activities with the STATION's Public Works Officer designated representative (STATION Point of Contact (POC)) at the STATION, (559) 998-3251. The LESSEE shall be available at all times to correct emergency situations with regard to the LEASE. The LESSEE shall provide the STATION POC with emergency telephone numbers where the LESSEE may be contacted during working and non-working hours. The LESSEE shall also provide at least one alternative point of contact (name, address, and phone number) that may act on behalf of the LESSEE in emergency situations. The LESSEE or their alternate(s) shall be available for contact seven days per week, 24 hours per day and should arrive on STATION within two hours after being notified in any way of an emergency.

4. **PLANTING SCHEDULE/CROPPING RESTRICTIONS:** The LESSEE shall plan and implement their planting schedule so that all crops are harvested and removed from the LEASED PROPERTY by the termination date of the final LEASE year. The GOVERNMENT does not guarantee any extension of the LEASE term for the sole purpose of harvesting crops. CROP ROTATION IS REQUIRED IF LESSEE PLANTS COTTON. LESSEE must plant crops other than cotton for at least one full year of every five year period.

**Due to concerns with Bird Air Strike Hazards (BASH) and aircraft operations, alfalfa hay crops are prohibited from being grown on all Parcels.** If the LESSEE wishes to plant crops other than those crops approved herein on any of the above-referenced parcels, the LESSEE must submit a written request to do so to the GOVERNMENT, and LESSEE must receive written approval prior to planting. The GOVERNMENT has conducted a Wildlife Hazard Assessment to determine the risk to aircraft resulting from agricultural production near the airfield. The GOVERNMENT reserves the right to impose cropping restrictions on any parcel based on the results of the Wildlife Hazard Assessment and mission-related risks from wildlife when they develop.

5. **IRRIGATION WATER AVAILABILITY:** Water for irrigation is made available from the Westlands Water District (WWD). Laterals and meters have been installed by WWD, see Exhibit "A" for location. **The GOVERNMENT makes no guarantee implied or expressed regarding the quality, quantity or cost of water available, or that may become available, from WWD.** The LESSEE shall make arrangements for obtaining water from the Westlands Water District, P.O. Box 5222, (567 West Shaw Street) Fresno, California, 93755, (559) 224-1523. At this time, the STATION has entered into a Supplemental Water Agreement with WWD to acquire up to an additional 10,000 acre feet of Central Valley Project (CVP) irrigation water entitlement for agricultural uses. LESSEE has the option to request such water through WWD each year when there is a water allocation. No irrigation water or water provided is to be directed onto lands off the STATION property without prior written approval of the GOVERNMENT. No irrigation water is to be brought onto the STATION property without prior approval by the STATION POC. The LESSEE shall submit a written request and Water Quality Test, outlined in Clause 6.A.3.b. of the Soil and Water Conservation Plan, to the STATION POC in order to utilize irrigation water from a source other than Westlands Water District or STATION Groundwater Wells.

A. IRRIGATION WATER USE:

- 1) The LESSEE also **agrees to pay** all land based charges (LBC) assessed by WWD as required by Clause 3(b) of the LEASE.
- 2) **LESSEE hereby agrees to pay all** irrigation water surcharges as required by Clause 3(c) of the LEASE.

B. GROUNDWATER USAGE: Parcels 4A03, 4A06, 4A10, 4A11, 4A15, 4A17, 4A27, 4A36, 4A39, 4A42, 4A49, 4A51, 4A53, 4A54, 4A57 and 4A61 Fields 3 & 8 have a well located on the LEASE PROPERTY, with groundwater dedicated for use on the parcel. Groundwater from well located adjacent to the southwest corner of Natural Resources Management Area (NRMA) 5 (Tumbleweed Park) is dedicated for use on Parcel 4A55. The wells located on Parcel 4A53 and 4A57 may need to have underground pipe directed to each respective parcel. The standpipe on Parcel 4A57 has pipeline that is directed to Parcel 4A58. Groundwater from the well located on Parcel 4A55 is dedicated for use by the LESSEE on Parcel 4A58. The LESSEE of Parcel 4A47 shall not use the well located on the LEASE PROPERTY. **The GOVERNMENT makes no guarantee, implied or expressed, regarding the condition of the above-referenced wells, or the quality or quantity of the water available, or that may become available, from such wells.** The language below pertains

to parcels that have a well located on the LEASE PROPERTY, except for the well dedicated for use on Parcel 4A58.

1) The LESSEE shall NOT move Groundwater off of the STATION at any time. The LESSEE is permitted to pump one (1) acre foot per acre (AF/ac) of the Parcel the well is associated with, per calendar year, at no additional charge.

2) As additional consideration, the LESSEE shall pay Groundwater Fee(s) for water pumped in excess of one (1) AF/ac of the Parcel the well is associated with. The Groundwater Fee(s) are summarized in Table 1 and described in detail as follows:

(a) The Groundwater Fee(s) are dependent on the WWD annual CVP agricultural water allocation (Allocation). The Groundwater Fee(s) will be based on the Allocation as of April 1<sup>st</sup> of each calendar year

(b) Groundwater Fee(s) Table:

**Table 1: Groundwater Fee(s) Table**

Allocation (%) <sup>*</sup>	0.0 - 1.0 AF/ac	>1 - 2.0 AF/ac	> 2 AF/ac
0 - 40	No charge	\$87 <sup>**</sup> / AF	[\$87 + (0.5 x WWD CVP Rate)] / AF
41 - 60	No charge	[ \$87 + (0.5 x WWD CVP Rate)] / AF	[\$87 + WWD CVP Rate] / AF
≥ 61	No charge	[\$87 + WWD CVP Rate] / AF	[\$87 + (1.5 x WWD CVP Rate)] / AF

\* Based on WWD CVP allocation as of April 1 of each calendar year

\*\* \$87 is equal to the Irrigation Water Surcharge outlined in Clause 3(c) of the LEASE.

(c) In a year when the Allocation is zero (0) to forty (40) percent the Groundwater Fee(s) shall be calculated as follows:

1. Groundwater pumped in excess of one (1) AF/ac, up to and including two (2) AF/ac, for the Parcel the well is associated with, shall be charged Groundwater Fee(s) equal to the Irrigation Water Surcharge Rate of \$87 outlined in Clause 3(c) of the LEASE.
2. Groundwater pumped in excess of two (2) AF/ac of the Parcel the well is associated with, shall be charged Groundwater Fee(s) equal to one half of the current year's WWD CVP agricultural water rate, PLUS the full Irrigation Water Surcharge Rate of \$87 outlined in Clause 3(c) of the LEASE.

(d) In a year when the Allocation is forty-one (41) to sixty (60) percent the Groundwater Fee(s) shall be calculated as follows:

1. Groundwater pumped in excess of one (1) AF/ac, up to and including two (2) AF/ac for the Parcel the well is associated with, shall be charged Groundwater Fee(s) equal to one half of the current year's WWD CVP agricultural water rate, PLUS the full Irrigation Water Surcharge Rate of \$87 outlined in Clause 3(c) of the LEASE.

2. Groundwater pumped in excess of two (2) AF/ac for the Parcel the well is associated with, shall be charged Groundwater Fee(s) equal to the current year's WWD CVP agricultural water rate, PLUS the full Irrigation Water Surcharge Rate of \$87 outlined in Clause 3(c) of the LEASE.

(e) In a year when the Allocation is greater than sixty (60) percent, the Groundwater Fee(s) shall be calculated as follows:

1. Groundwater pumped in excess of one (1) AF/ac, up to and including two (2) AF/ac for the Parcel the well is associated with, shall be charged Groundwater Fee(s) equal to the current year's WWD CVP agricultural water rate, PLUS the full Irrigation Water Surcharge Rate of \$87 outlined in Clause 3(c) of the LEASE.
2. Groundwater pumped in excess of two (2) AF/ac for the Parcel the well is associated with shall be charged Groundwater Fee(s) equal to one and one half (1.5) times the current year's WWD CVP agricultural water rate, PLUS the full Irrigation Water Surcharge Rate of \$87 outlined in Clause 3(c) of the LEASE.

(f) In the event WWD does not establish a CVP agricultural water rate, the CVP rate for the purpose of calculation of Groundwater Fee(s) shall be set at \$200.

(g) Any ground water moved between LESSEEs shall be moved only after LESSEE has submitted a written request to do so, and received written approval as per Clause 5.B.2.h. of the Soil and Water Conservation Plan, as set forth below.

(h) LESSEE is encouraged to share subsurface water with other LESSEEs on the STATION, but LESSEE will still be charged for water pumped in excess of one (1) AF/ac of the Parcel the well is associated with, in accordance with the terms set forth above. Prior to sharing any subsurface water with other LESSEEs on the STATION, LESSEE must submit a written request to do so, and receive written approval from the Natural Resource POC. LESSEE must submit the written request at least 48 hours in advance of sharing subsurface water with another LESSEE on the STATION. If authorized to share subsurface water with another LESSEE on the STATION, LESSEE may charge that corresponding LESSEE no more than the Groundwater Fee(s) outlined in the Soil and Water Conservation Plan, plus any associated utility costs.

- 3) The GOVERNMENT reserves the right to unilaterally impose Groundwater pumping restrictions and to change and impose additional Groundwater Fee(s), based on results and recommendations from the Hydrology Study. In the event the GOVERNMENT restricts or otherwise changes Groundwater pumping, a unilateral modification to the LEASE will be issued and provided to the LESSEE.

C. IRRIGATION WATER AVAILABLE AND ACREAGE FARMED: If the LESSEE is not able to place the entire LEASED PROPERTY into irrigated agricultural productivity, due to the unavailability of irrigation waters from the regional supplier (WWD), or lack of sufficient ground water, a LEASE rental adjustment shall be allowed as follows:

- 1) The LESSEE shall submit a written request for a rental adjustment for that portion of the LEASED PROPERTY not placed into agriculture production.
- 2) The STATION shall certify acreage not placed into agricultural production.
- 3) Rental adjustment shall be determined by dividing the annual rent rate by the total LEASE acreage from Clause 3: RENT of the LEASE; and then multiplying this \$/acre/year factor by the number of acres not placed into irrigated agricultural production.
- 4) Upon certification of the acreage by the STATION, the GOVERNMENT shall initiate a bilateral modification to the LEASE to adjust the annual rent accordingly.

6. **CONSERVATION WORK:** It is the intent of the GOVERNMENT that the land be utilized for multiple uses including military activities, agriculture, wildlife habitat, recreation, and a soil and water conservation program on a scheduled basis as outlined in Appendix "C," Outline of Conservation Work. Protection of the STATION's resources from deterioration by erosion, wildfires, noxious weeds, rodents and pest infestations, or other detriments is considered part of the sound land management to be carried out by the LESSEE. These conservation measures provide for the long-term productivity of the LEASED PROPERTY while protecting other natural resources and providing an opportunity for an economic return to the LESSEE. The GOVERNMENT hereby reserves the right for persons and/or entities other than the LESSEE to conduct conservation programs on the LEASED PROPERTY.

A. NON-REIMBURSABLE WORK:

1) IRRIGATION MANAGEMENT:

(a) IRRIGATION METHODS. LESSEE's are encouraged to employ efficient irrigation methods such as drip tape, sprinklers, or other efficient irrigation methods on STATION land.

(b) IRRIGATION DITCHES. All irrigation ditches shall be maintained free of weeds, silt and debris by the LESSEE, at LESSEE's own expense. All ditches shall be constructed at least eight (8) feet from the outside edge of the ditch to utility poles, survey monuments and manholes. LESSEE shall immediately repair all leaking irrigation ditches to prevent soil erosion and to provide unimpaired vehicle access between parcels. Irrigation ditches shall not be constructed across a road. LESSEE shall maintain a ten (10) foot buffer between the outside edge of ditches and underground utilities. Borders and/or furrows shall be constructed as needed for an efficient distribution of irrigation water and collection of tail-water to be returned by the designed systems. Permanent water control structures, if needed, shall be installed by the LESSEE at their own expense. Said structures shall be constructed to USDA Natural Resources Conservation Service (NRCS) specifications and shall remain the property of the GOVERNMENT upon termination of the LEASE.

(c) IRRIGATION TAIL-WATER RECOVERY SYSTEMS. Irrigation tail-water recovery systems have been installed on all parcels to conserve and recycle irrigation water and to prevent any tail water from leaving the parcel of origin. **Requirements by the San Joaquin Valley Regional Water Quality Control Board (SJVWQCB) require that no irrigation tail-water is to leave the parcel of origin.** Any irrigation tail-water discharge shall be permitted as required by the SJVWQCB. All permanent improvements such as sumps and buried pipelines are the property of the GOVERNMENT that shall be used and maintained by the LESSEE at their own expense. The outboard sides of sump levees shall

be maintained free of weeds year-round by the LESSEE at their own expense. To maintain the sump in a clean, weed-free condition, the LESSEE, at their own expense, shall annually remove accumulated silt from the tail-water sump and spread it evenly onto surrounding areas. Prior to expiration of the LEASE, or after termination and prior to surrender of the LEASE, and at the LESSEE's expense, sumps shall be restored to their original capacity. All portable equipment such as pumps and motors shall remain the property and responsibility of the LESSEE.

(d) DRAIN DITCHES AND CANALS. All ditches and canals must be maintained free of weeds year-round by the LESSEE, at LESSEE's own expense. While the GOVERNMENT does not guarantee agricultural suitability of the water in the main STATION drains or canals, LESSEES of parcels adjacent to storm drain ditches or canals may, pending the STATION's approval, install temporary coffer dams and pump water for LESSEE's use, provided this water is to be used to irrigate crops that are not for human consumption. The LESSEE shall maintain, at LESSEE's own expense, the drain ditches, canals and appurtenant water control structures which border or are within the LESSEE's LEASED PROPERTY. Cofferdams shall be removed from the storm drain ditches or canals by the LESSEE immediately after use by the LESSEE to ensure continued functionality.

(e) SURFACE STORM WATER RUNOFF. All surface storm water runoff discharges shall be monitored and permitted in accordance with the California Regional Water Quality Control Board standards.

2) GROUND WATER WELL EQUIPMENT AND APPURTENANCES: For LEASES with irrigation wells dedicated for use by the LESSEE (Clause 5.B. of the Soil and Water Conservation Plan), the LESSEE shall provide ground water well equipment and appurtenances for the irrigation well on the LEASED PROPERTY, at LESSEE's own expense. LESSEE shall equip well with a certified water meter prior to starting well and shall notify STATION POC at least 48 hours prior to installing or replacing meters. Upon replacement of a meter, LESSEE shall have meter certified. LESSEE shall maintain well log records of all well usage and maintenance and submit records to the STATION POC by 31 December of each calendar year. The LESSEE shall supply and start up the existing well at LESSEE's own expense. LESSEE shall retain ownership of all well appurtenances with the exception of all electrical improvements required to operate the well, i.e. electrical connections from local power sources and electrical panels, meters, etc. Electric motors over 250 horsepower are not allowed. The GOVERNMENT makes no guarantee, implied or expressed, regarding quantity, quality, or availability of water, well equipment, well appurtenances, or the pumping costs of water. Replacement, major repair and/or maintenance of all the aforementioned well equipment and appurtenances are not reimbursable. If LESSEE elects to use fuel, LESSEE shall bring secondary containment into compliance with 40 C.F.R. Part 112, prior to storing any fuel in any tank on the LEASED PROPERTY. LESSEE shall contact STATION POC for guidance regarding 40 C.F.R. Part 112 compliance. LESSEE's compliance with 40 C.F.R. Part 112 shall be confirmed in writing by the STATION POC. At the termination of the LEASE, the well casing, well cover, electrical boxes and electrical improvements all remain the property of the GOVERNMENT. At LESSEE's own expense, LESSEE shall be responsible for the safety and security of the well, and shall provide temporary well cover(s) as required when surface well equipment is removed.

3) WATER QUALITY TESTING: The water quality tests and reports shall be performed by an independent testing laboratory certified for such service and shall contain chemical and physical parameter criteria required by the STATION POC.

(a) STATION GROUNDWATER WELLS: LESSEE shall provide for one independent well water quality test per year for each year that they utilize the well for agricultural purposes. The LESSEE shall provide copies of all documents pertaining to each water quality test to the STATION POC within 30 days of well start-up.

(b) OFF-STATION WATER: The LESSEE shall provide one independent water quality test per year for each year that they utilize water from a source other than Westlands Water District or STATION Groundwater Wells. LESSEE shall submit the water quality test results and written request to the STATION POC annually per Clause 5 of the Soil and Water Conservation Plan prior to bringing off-station water onto the STATION.

4) HARVESTED CROP STORAGE: LESSEE may store harvested crops only in areas designated for such use by the STATION POC.

5) WEED AND PEST MANAGEMENT: The LESSEE shall, at LESSEE's own expense, continuously control all noxious and undesirable weeds and rodents, insects and other pests as identified by the California Invasive Plant Council and the Station Integrated Pest Management Coordinator (IPMC) within the LEASED PROPERTY and is responsible for proper application of pesticides. The LESSEE shall control weeds and pest through either mechanical (non-chemical) means or by chemical (herbicide/pesticide) application. Weeds are defined as any vegetation growing at a location where it is undesirable. Maximum height of all undesirable weeds is ten (10) inches and weeds shall not be allowed to produce seed. Borders, field edges, and drainage and irrigation ditches shall be kept essentially weed free.

(a) ANNUAL PLAN FOR PEST MANAGEMENT. The LESSEE shall develop an Agricultural Outlease Pest Management Plan and submit an electronic copy to the IPMC and the NAVFAC SW Contact by **January 15<sup>th</sup>** of each calendar year. Appendix "D", includes instructions for the (1) Pest Management Plan and a blank sample form. An electronic version of the blank document is available upon request from the IPMC.

(b) PEST MANAGEMENT REPORTING. All pest management operations including chemical use and mechanical control shall be reported on the NAVFAC Online Pesticide Reporting System (NOPRS). The LESSEE shall request an account from the IPMC to access and receive instructions on using NOPRS by **January 15<sup>th</sup>** of the first year of the LEASE. The LESSEE shall report all pesticide use to the IPMC via the NOPRS. The LESSEE shall submit an annual report by **December 31<sup>th</sup>** of each year. In the last year of the LEASE, the LESSEE shall submit the annual report **60 days** prior to the LEASE expiration date.

(c) MECHANICAL WEED CONTROL. If the LESSEE elects to control the weeds by non-chemical means such as mowing or disking, the operation shall be accomplished by the LESSEE's own expense at minimum twice during the lease year; once prior to the maturing of seeds of early growing weeds, and once again to control the late growing weeds.

(d) CHEMICAL WEED AND PEST CONTROL. The term "pesticide" includes insecticides, herbicides, fungicides, miticides, rodenticides and algaecides. LESSEE shall be responsible for complying with the Chief of Naval Operations Instruction (OPNAVINST) 6250.4 series regarding Navy and Marine Corps installations' pest management programs, the STATION's Integrated Pest Management Plan (IPMP), all relevant DoD guidance and

instructions, as well as all federal, state and local pesticide and pest management and field worker safety laws, regulations and standards, including but not limited to obtaining required permits. The IPMC shall, upon request of the LESSEE, provide to the LESSEE pertinent DoD guidance and a copy of the STATION's IPMP. The LESSEE is limited to using only pesticides on the STATION's pesticide authorized use list which is found on NOPRS.

In the event the LESSEE wishes to use a pesticide that is not included in the STATION's pesticide authorized use list as shown on NOPRS, the LESSEE shall submit a list of requested pesticides and EPA registration numbers with their Annual Plan. Pesticides shall be reviewed by the Department of the Navy and, if approved, will be added to the STATION's pesticide authorized use list. Only pesticides on this list shall be used on the LEASED PROPERTY. **The pesticide methyl bromide is not allowed for use on the LEASE PROPERTY.** Any changes in the LESSEE's pesticide application program must be reported to and approved by the IPMC prior to application.

1. PESTICIDE APPLICATION AND DISPOSAL. The LESSEE shall be solely liable for any damage to GOVERNMENT property from pest management operations including pesticide usage. All pesticide containers shall have the manufacturer's label attached. Service containers shall have a label indicating the contents of the container. Safety data sheets (SDS) shall be maintained at the site. All pesticides shall be applied in a manner consistent with the manufacturer label directions. Empty pesticide containers and application equipment shall be cleaned in a manner that prevents environmental contamination. All empty pesticide containers shall be removed from the installation in a timely manner, such manner to be determined by the IPMC or applicable federal, state, and local regulations.

2. PRIVATE APPLICATOR CERTIFICATION. LESSEEs who apply restricted use pesticides or who train others to apply any pesticides must have a Private Applicator Certification. All persons who apply any pesticides must be trained by a qualified person (i.e. a Certified Private Applicator or an entity with a Commercial Applicator Certification). This includes, but is not limited to, training on pesticide labels, safety data sheets, and pesticide safety. Unlicensed persons that apply restricted use pesticides shall be under the supervision of a certified applicator. In addition, the LESSEE must provide workers that enter pesticide-treated fields with pesticide safety training. Applicators that are hired by the LESSEE to apply any pesticides must comply with the requirements for Commercial Applicator Certification. All applicators of any pesticides shall wear Personal Protective Equipment as required by the product label directions. This may include, but is not necessarily limited to: body covering (long sleeved shirt/pants or overalls), goggles and/or face shields, aprons, gloves, hats, foot coverings (work boots) and/or respirators.

3. AERIAL PESTICIDE APPLICATION. **At least 24 hours** prior to any aerial application of pesticides and/or fertilizers, or any other use of aircraft on LEASED PROPERTY, LESSEE shall submit a written notification and request for approval to the IPMC. **The LESSEE shall NOT proceed with any aerial application or any other use of aircraft on LEASED PROPERTY without prior approval of the IPMC.** Each and every use of aircraft on the LEASED PROPERTY shall have such prior approval. If the IPMC, the Public Works Officer or the STATION Air Operations POC determines that crop dusting aircraft pose a hazard to or are incompatible with military air operations or conditions, he/she may deny permission for crop dusters to fly over

the LEASED PROPERTY. **Civilian or agricultural aircraft are absolutely prohibited from operating within or over the "Operations Area" that surrounds or is between the runways.** Information needed for a flight request is shown on Appendix "D," (2) Crop Duster Request Form. No defoliant or any other agricultural chemicals that contain Karmex, are to be applied to any area where wind-borne drift will place this chemical in contact with wind-breaks or any other STATION plantings or landscaped areas. LESSEE shall replace any and all trees or shrubs that are damaged or killed as a result of chemical drift or aerial applicator flyovers.

(e) MOSQUITO ABATEMENT. The LESSEE shall not permit tail-water or runoff to stand in ditches or in fields for longer than three days between irrigation operations. LESSEE is responsible for the non-chemical abatement of mosquitoes and shall be billed by the STATION for any and all mosquito control expenses attributed to the farming activities of the LESSEE on the STATION. Water ponding in areas identified as Natural Resource Management Areas shall not be treated without advance coordination with the Environmental Management Division. General guidelines for the control of mosquitoes on irrigated farmland shall be provided to the LESSEE if requested from the IPMC or the Kings Mosquito Abatement District (559) 584-3326.

(f) RODENT CONTROL. Rodent Control measures shall be undertaken by the LESSEE, at LESSEE's sole cost and expense, so as to prevent damage to the LEASED PROPERTY. All rodenticides shall be listed in the LESSEE's Pest Management Plan and shall be included in the STATION's pesticide authorized use list. Appendix "D," (3) Modified Bait Station, includes information on the proper bait stations to use for ground squirrel control within or in near proximity to the kangaroo rat habitat. The LESSEE's Pest Management Plan shall indicate if the LESSEE intends to use bait stations.

(g) BIRD CONTROL. All control measures taken to protect the LESSEE's crops from damage by birds shall be included in the LESSEE's Pest Management Plan and shall be approved in advance by the IPMC. No chemical avian pesticides will be allowed on the LEASED PROPERTY. The LESSEE's Pest Management Plan shall include, but need not be limited to, the bird species, control measures, and estimated take of each species. Measures taken to protect crops from bird damage shall be done in accordance with all Federal, State, and County regulations that may apply.

6) DUST CONTROL: At LESSEE's own expense, LESSEE shall control excessive dust generated from LESSEE'S activities on the unpaved roads on the LEASED PROPERTY through the application of water.

7) MINIMUM TILLAGE & LAND LEVELING: The LESSEE shall practice "minimum tillage" where practical and feasible for LESSEE's farming operations. The LESSEE shall vary the depth of plowing from year to year to prevent a "plow sole or pan" from forming and to facilitate water penetration. To reduce possible hazard to aircraft, tillage operations shall be scheduled to minimize the time during which soil will be subject to wind erosion and dust production. Additionally, in order to enhance water distribution throughout the parcel, management practices such as land leveling are recommended at the LESSEE's own expense.

8) SOIL RIPPING & DAMAGES TO GOVERNMENT PROPERTY: Soil ripping or chiseling is a very beneficial practice for enhancing water penetration and reducing toxic salt accumulations. In order to avoid damaging GOVERNMENT improvements/utilities, LESSEE shall maintain a ten (10) foot buffer around all GOVERNMENT improvements, underground utilities and

aboveground utilities when ripping, chiseling or slip plowing. Additional information regarding the existence, location, and depth of underground utilities, if any, is identified and delineated in Exhibit "A". Other signs, poles, piezometers, survey markers, or structures adjacent to or included within the LEASED PROPERTY shall not be damaged. The LESSEE shall be held liable for all damages to GOVERNMENT owned structures, utilities, monuments, fences and/or improvements which result from outlease activities. The STATION shall bill the LESSEE for any and all expenses for repairing damaged GOVERNMENT property, where damage is attributed to activities of the LESSEE on the STATION.

9) ROAD ACCESS: The roadways associated with this LEASE primarily provide for access by emergency vehicles in the event of a downed aircraft. LESSEE shall not, at any time, during the LEASE term allow or permit any vehicle, equipment, materials, harvested crop, crop residue, irrigation water or water transport pipelines to block, obstruct or in any way render any roadway associated with this LEASE impassible to vehicles.

(a) ACCESS ROAD REQUIREMENTS. A 15-foot wide access road shall be provided and maintained by each LESSEE along the LEASED PROPERTY boundaries that are contiguous to or abut other parcels. LESSEEs shall provide and maintain a 20-foot wide access road along the LEASED PROPERTY boundaries that are not contiguous to or do not abut other parcels.

(b) SECURITY BUFFER. Boundary lines for all LEASED PROPERTY begin 50 feet from STATION security fences. All STATION security fences shall have a 50-foot wide security buffer, which includes the STATION security road, between the security fence and the LEASED PROPERTY. LEASES abutting all STATION security fences shall maintain a 15-foot wide LEASE access road adjacent to the boundary line for the LEASED PROPERTY. LESSEE is not required to maintain the 50-foot buffer. LESSEEs shall not use the STATION security road as a turn-around area when preparing, cultivating or harvesting within the LEASED PROPERTY. In the event, the LESSEE's farming equipment discards residue from the field, such as mud or dirt clods, or damages the security road, the LESSEE shall repair the security road within 24 hours. Upon request, the STATION POC will supply a schematic of the security buffer. See Exhibit "A" for location of security fences.

10) ROAD DAMAGE PREVENTION: The LESSEE shall not maneuver "track-laying" or "spike-wheeled" vehicles over the STATION's paved roads unless road protective measures are taken. LESSEE shall be billed by the STATION for any and all road damage repairs attributed to the activities of the LESSEE.

11) EROSION CONTROL: LESSEE, at their own expense, shall use prudent erosion control measures to reduce soil loss, or as requested by the GOVERNMENT.

12) WINDBREAK MAINTENANCE: Windbreak plantings shall be maintained once a year for the duration of the LEASE. Maintenance shall consist of weed control throughout the windbreak. Weed whips/string trimmers are permitted to be used so long as they are not used within six inches of the base of any tree to prevent girdling. Weeds shall not be left standing at the base of the trees. Weed maintenance along oleander windbreaks shall be completed along inner and outer edges. Periodic pruning is necessary for dead and down limbs as well as any limbs that appear to be in danger of falling. Tree removal may also be necessary. See Exhibit "A" for location of windbreak(s).

13) FIRE PREVENTION: The LESSEE shall comply with the STATION's fire control and fire prevention regulations. LESSEE shall be liable for any fire damage to GOVERNMENT owned structures attributed to the activities of LESSEE on the STATION. LESSEE shall also be liable for improvements and costs of required fire suppression attributed to the activities of the LESSEE on the STATION.

(a) EQUIPMENT. All engine driven equipment used by the LESSEE on the STATION shall be equipped with properly operating spark arresters, mufflers, and tailpipe assemblies. In addition, any vehicle having a catalytic converter shall not be driven through areas of dry, combustible material due to the extreme heat generated by this device.

(b) STORAGE OF EQUIPMENT AND FLAMMABLE MATERIALS. LESSEE shall refer to Special Provisions Clause 35 of the LEASE for information regarding fuel and oil storage on the LEASED PROPERTY. Seasonal equipment, such as land planes, cotton module builders, cotton harvesters, tomato harvesters, tomato trailer dollies, etc., may be stored on site during the period of use and 30 days before and after use. All seasonal equipment not in use cannot be stored on site and must be removed from the STATION within 30 days of completion of use.

(c) SPARK-PRODUCING EQUIPMENT. Arc, gas, TIG ("Heli-Arc") welders shall be used only with a fire extinguisher in areas designated for storage by the STATION POC or for repairs on a specific piece of equipment parked on and surrounded by at least 50 feet of bare soil in all directions.

(d) CROP RESIDUE.

1. Use of a conservation tillage program is encouraged (see Clause 6.A.7, Minimum Tillage of the Soil and Water Conservation Plan).
2. If a conservation tillage program is not used then crop stubble or residue shall be disked into the soil within two (2) weeks after harvest.
3. All fields shall be disked under prior to the termination/expiration of the LEASE, unless permission is granted from the GOVERNMENT to do otherwise.
4. Fire shall not be used to eliminate crop residue. Grazing of crop residue by sheep will be allowed upon approval by the STATION POC.
5. All parcels, or portions thereof, planted to cotton are subject to local county regulations concerning planting and "plow down" dates.

14) DEBRIS REMOVAL: The LESSEE shall maintain all areas of the LEASED PROPERTY in a neat, orderly appearance at all times. Trash, garbage, broken down or discarded equipment or material shall be removed from the LEASED PROPERTY immediately. The LESSEE, at their own expense, shall dispose of all debris from normal farming practices generated on the LEASED PROPERTY to the satisfaction of the STATION POC. Within 30 days of being notified by any representative of the GOVERNMENT or the STATION, the LESSEE shall correct all deficiencies referenced in such notification. Burning of debris is permitted as long as the LESSEE follows all requirements of the STATION POC and San Joaquin Air Pollution Control

District.

15) **FALLOW LAND MANAGEMENT:** In advance of the growing season, if the LESSEE elects to lay fallow any portion of the LEASED PROPERTY for whatever reason(s), the area shall be maintained free of weeds until the land is again cropped normally. All fallowing and related expenses, including but not limited to expenses related to maintaining the fallow lands free of weeds, shall be borne by the LESSEE.

16) **SOIL TESTING:** At the LESSEE's own expense, soil tests shall be conducted every other year beginning the first year of the LEASE. **All collection, processing, and reporting shall be performed by an independent testing laboratory certified for such services. When completed, reports shall be submitted by the testing laboratory to the STATION POC.** The soil tests are to be submitted to the STATION POC within 45 days of the test completion, and in no event any later than 31 December of the test year. Testing laboratories will collect samples representative of each forty acre aliquot part of the LEASE. Composite samples are to be randomly collected across each forty acre track and be representative of both one (1) and two (2) foot depths. The minimum chemical and physical parameter criteria required for the soil tests are pH, electromagnetic conductivity, Nitrogen, Phosphorus, Potassium, Calcium, Magnesium, Sulfur, Sodium, Chloride, Soil Organic Matter, and Exchangeable Sodium Percentage (ESP) or Sodium Absorption Ratio (SAR). As a part of the soil testing, narrative evaluations and recommendations for gypsum requirements and other soil amendment requirements shall be compiled by a Certified Crop Advisor and submitted with the analytical report.

17) **SOIL MANAGEMENT FOR SALINITY:** (In accordance with Certified Crop Advisor recommendations resulting from soil testing, see Clause 5.A.16. above) Gypsum with 100% purity, or its equivalent, shall be applied to the LEASE PROPERTY each year immediately following the soil test. For soil amendments equivalent to gypsum accepted by STATION POC see Appendix "E," Using Other Amendments. LESSEE should anticipate applying a cumulative amount of no less than one (1) ton of gypsum per acre per year during the LEASE term. In the event that soil testing indicates a requirement for less than half (0.5) a ton per acre of gypsum then **no gypsum application** is required for that year. Any test indicating a requirement between half (0.5) and one (1) ton per acre, LESSEE shall apply at a rate of one (1) ton per acre of gypsum. No gypsum application in any one year shall be permitted to be less than one (1) ton per acre. **LESSEE shall submit all invoices pertaining to gypsum applications to STATION POC within thirty (30) days of application.** Proper water management and soil ripping are also recommended for reducing concentrations of salt in the soil.

18) **HUNTING:** Hunting on STATION is allowed only after being issued a hunting pass that is available from the Security Office at the main gate. STATION regulations prohibit firearms on the STATION except for designated hunting areas. If the LESSEE does not want hunting on the parcels, the LESSEE shall post "No Hunting" signs along the entire perimeter of the LEASED PROPERTY.

19) **NOTIFICATION AND IDENTIFICATION:** The LESSEE shall closely coordinate farming operations with the STATION POC located in Bldg. 750 on the STATION, telephone (559) 998-3251. The LESSEE, or his/her designated representative, (as detailed in Clause 3, STATION Coordination of the Soil and Water Conservation Plan) shall be available at all times to correct emergency situations with regard to the LEASE. The LESSEE shall provide the STATION POC with current emergency telephone numbers where the LESSEE may be contacted during working and nonworking hours. Ingress and egress routes on and within the STATION shall be designated by the STATION POC. Vehicles used by the LESSEE and associated LEASE

employees, contractors, and agents shall meet California licensing requirements, California vehicle safety standards, and California vehicle insurance requirements. LESSEE shall provide employee information to STATION Security Department. All farm workers shall be properly authorized to work in the United States. Any farm worker not properly authorized to work on the STATION may be held for the appropriate authorities.

20) CALIFORNIA REGIONAL WATER CONTROL BOARD & SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT: All agricultural practices on the STATION shall follow all applicable Federal, State and local requirements and standards. The LESSEE shall be knowledgeable of the applicable rules and shall notify the GOVERNMENT should compliance issues arise.

21) APIARY USE: Portions of the LEASED PROPERTY, not to exceed two (2) acres total, may be used by the LESSEE for apiary (beekeeping) purposes in conjunction with crop production (i.e. pollination). LESSEE shall submit a request in writing or via email communication to the STATION POC and such request must be approved in writing or via email communication prior to bringing hives on STATION. Laydown areas must be approved by the STATION POC and will not be allowed within one (1) mile of the STATION's Bee License's Laydown Areas, or within 0.25 miles of any paved roads, STATION buildings or gates.

The following provisions apply to apiary use on the LEASED PROPERTY:

- (a) Water must be available to the bees at all times.
- (b) No more than 75 single hives, or their equivalent in multiple hives, shall be placed at any site.
- (c) All hives shall be arranged at each site in an orderly manner and the ground kept free of weeds, litter, and debris.
- (d) No storage of beekeeping supplies, vacant hives, or other similar material is allowed.
- (e) The bee owner shall follow the directives of the California Food and Agricultural Codes Clause(s) 2900 regarding beekeeping. If there is any indication of improper management the hives shall be immediately removed. Every attempt must be made to prevent the introduction of Africanized honey bees to the STATION.

#### B. REIMBURSABLE PROJECTS:

Soil and Water Conservation measures determined to be in the best interest of the GOVERNMENT, may be approved by the GOVERNMENT for construction by the LESSEE, on a reimbursable basis. The conditions set forth in Clause 8 (b) through 8 (d) of the LEASE, Conservation and Maintenance Work, shall apply when performing any such reimbursable work. Reimbursable projects may include, but are not limited to new irrigation facility construction, etc.

- 1) There are no reimbursable conservation projects identified at this time.

Upon satisfactory completion and acceptance of the work by the GOVERNMENT, payment shall be made accordance with Clause 8 of the LEASE, Conservation and Maintenance Work, and as scheduled in the Soil and Water Conservation Plan, Appendix "C", Outline of Conservation Work.

**7. TECHNICAL ASSISTANCE AVAILABLE:**

(1) Public Works Office (Station POC)

Environmental Management Division  
Designated representative(s) or Integrated Pesticide Management Coordinator (IPMC)  
Naval Air Station Lemoore  
750 Enterprise Avenue  
Lemoore, California 93246-5051  
Telephone: (559) 998-3251

(2) NAVFAC SW (Natural Resource POC)

Integrated Product Team (IPT) Desert  
Naval Facilities Engineering Command Southwest  
Attn: Conception (Connie) Flores, Code: JE20.CF  
1220 Pacific Highway  
San Diego, California 92132  
Telephone: (619) 532-1850

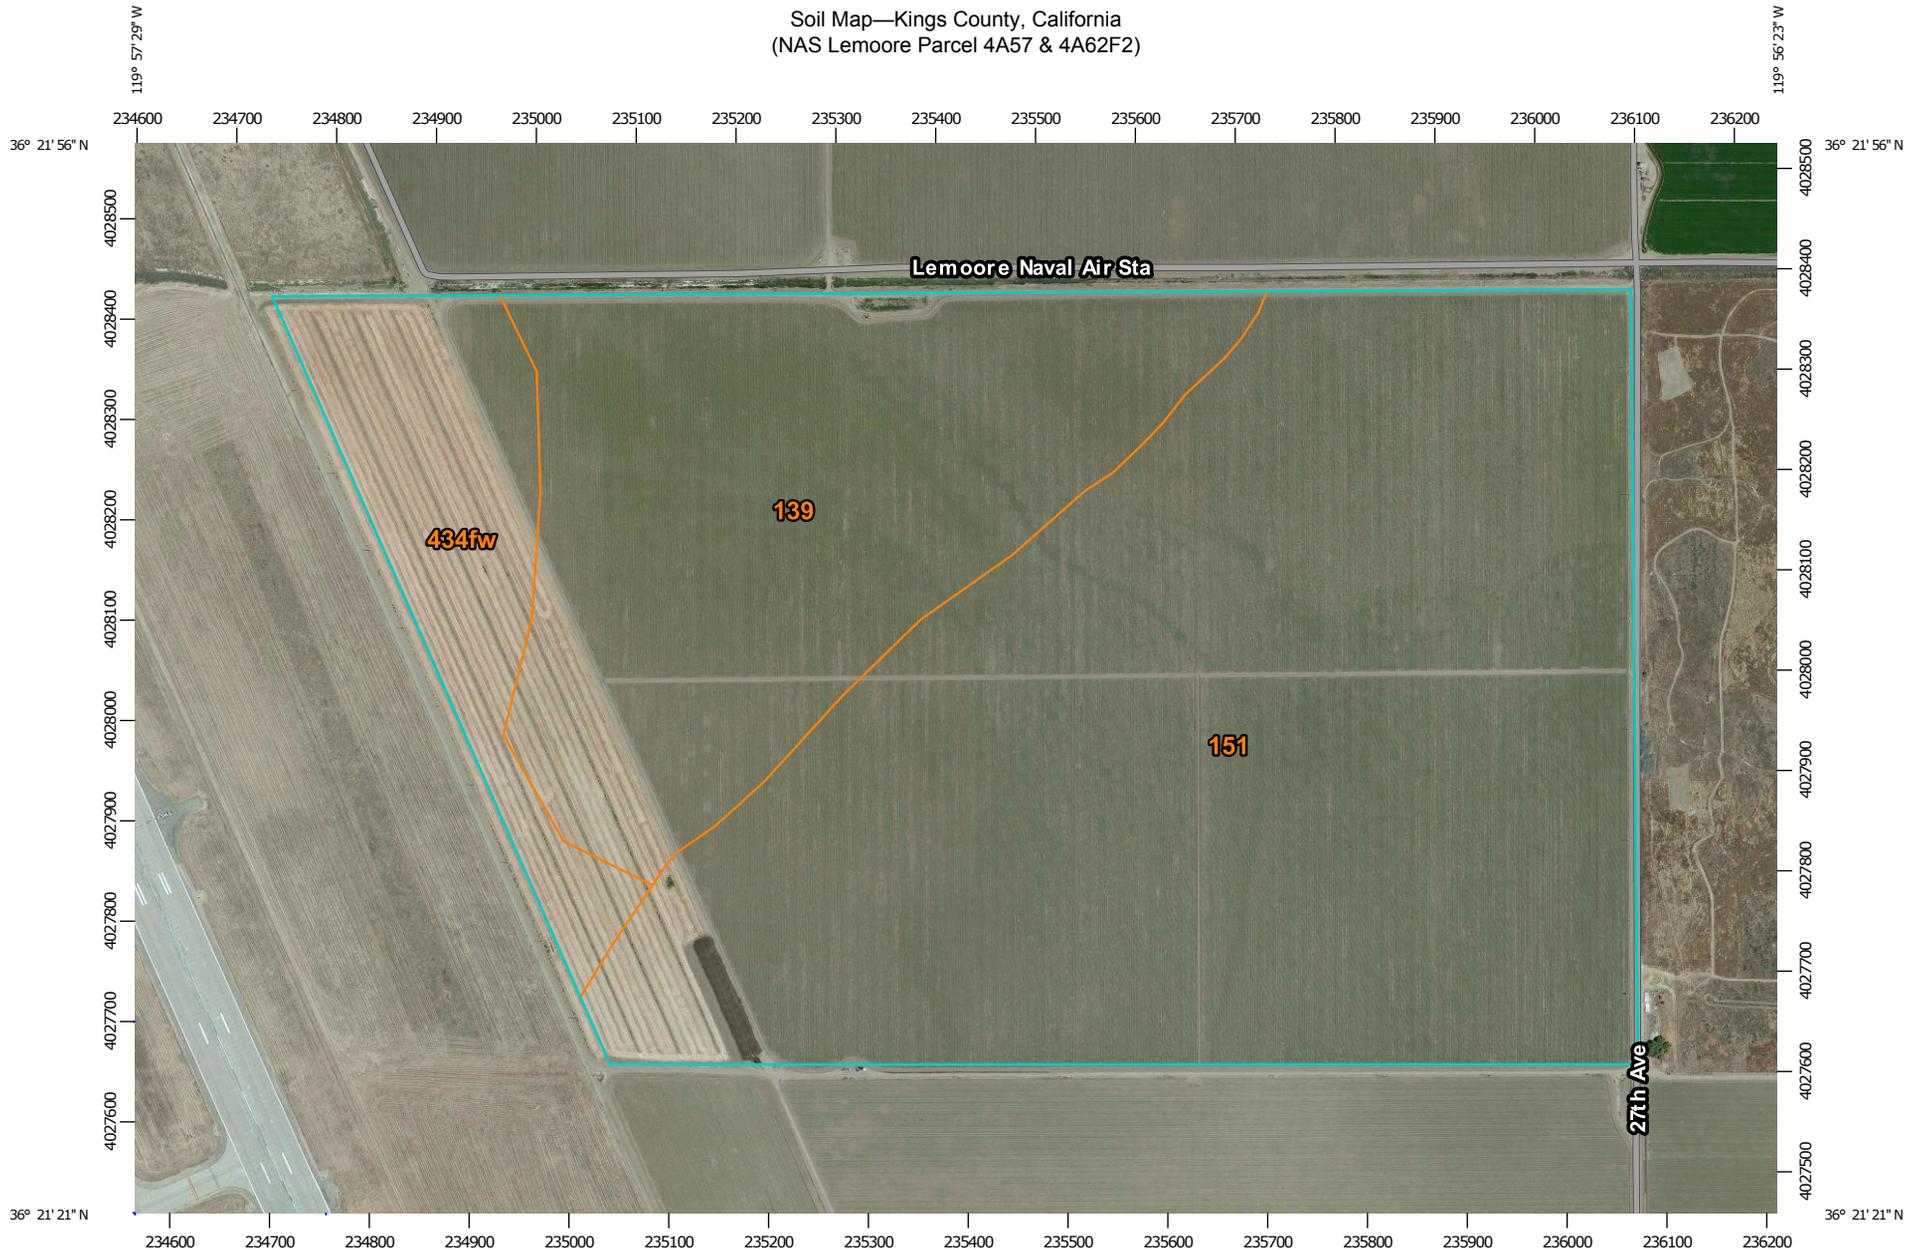

(3) USDA NRCS

## MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:24,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service  
Web Soil Survey URL: <http://websoilsurvey.nrcs.usda.gov>  
Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Kings County, California  
Survey Area Data: Version 11, Sep 22, 2015

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Aug 27, 2010—Jul 3, 2011

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

## Map Unit Legend

Kings County, California (CA031)			
Map Unit Symbol	Map Unit Name	Acres in AOI	Percent of AOI
139	Lethent clay loam	63.5	27.9%
151	Calflax clay loam, saline-sodic, 0 to 2 percent slopes, MLRA 17	143.3	62.8%
434fw	Lethent clay loam, wet, 0 to 1 percent slopes	21.2	9.3%
<b>Totals for Area of Interest</b>		<b>228.1</b>	<b>100.0%</b>

**Soil Capability Map Summary:**  
**NAS Lemoore Agricultural Outlease**  
**Parcel 4A57 and 4A62F2**

Kings County

**139 - Lethent clay loam**

**Properties and qualities**

*Slope:* 0 to 1 percent

*Depth to restrictive feature:* 4 to 8 inches to natric

*Drainage class:* Moderately well drained

*Capacity of the most limiting layer to transmit water (Ksat):* Very low to moderately low (0.00 to 0.06 in/hr)

*Depth to water table:* More than 80 inches

*Calcium carbonate, maximum content:* 5 percent

*Gypsum, maximum content:* 3 percent

*Maximum salinity:* Slightly saline to moderately saline (8.0 to 16.0 mmhos/cm)

*Sodium adsorption ratio, maximum:* 70.0

*Available water capacity:* Very low (about 0.8 inches)

**Typical profile**

*0 to 31 inches:* Clay loam

*31 to 60 inches:* Sandy loam

**151 - Calflax clay loam**

**Properties and qualities**

*Slope:* 0 to 2 percent

*Depth to restrictive feature:* More than 80 inches

*Drainage class:* Well drained

*Capacity of the most limiting layer to transmit water (Ksat):* Moderately high (0.20 to 0.57 in/hr)

*Depth to water table:* More than 80 inches

*Calcium carbonate, maximum in profile:* 3 percent

*Gypsum, maximum in profile:* 5 percent

*Salinity, maximum in profile:* Very slightly saline to strongly saline (2.0 to 16.0 mmhos/cm)

*Sodium adsorption ratio, maximum in profile:* 30.0

*Available water storage in profile:* Moderate (about 7.8 inches)

**Typical profile**

*0 to 26 inches:* clay loam

*26 to 33 inches:* loam

*33 to 47 inches:* silt loam

*47 to 65 inches:* loam

## **434fw - Lethent clay loam, wet, 0 to 1 percent slopes**

### **Properties and qualities**

*Slope:* 0 to 1 percent

*Depth to restrictive feature:* 20 to 39 inches to natric

*Drainage class:* Moderately well drained

*Capacity of the most limiting layer to transmit water (Ksat):* Moderately low to moderately high (0.06 to 0.20 in/hr)

*Depth to water table:* About 48 to 60 inches

*Calcium carbonate, maximum content:* 2 percent

*Gypsum, maximum content:* 2 percent

*Maximum salinity:* Very slightly saline to moderately saline (4.0 to 16.0 mmhos/cm)

*Sodium adsorption ratio, maximum:* 40.0

*Available water capacity:* Low (about 4.0 inches)

### **Typical profile**

*0 to 72 inches:* Clay loam

### Outline of Conservation Work

<b>Paragraph</b>	<b>Description</b>	<b>Submittal Requirement</b>
<b>4</b>	PLANTING SCHEDULE/CROPPING RESTRICTIONS	One Year of Lease Term
<b>5. A.</b>	IRRIGATION WATER AVAILABILITY	Payment of Land Based Charges
<b>5. B.</b>	GROUNDWATER USEAGE	As Applicable - Payment of fees
<b>5. C.</b>	IRRIGATION WATER AVAILABLE AND ACREAGE FARMED (written request/written concurrence)	As Applicable
<b>6. A. 1.</b>	IRRIGATION MANAGEMENT	Complete during the first year of lease
<b>6. A. 1. a.</b>	IRRIGATION METHODS	Continuous Responsibility
<b>6. A. 1. b.</b>	IRRIGATION DITCHES	Continuous Responsibility
<b>6. A. 1. c.</b>	IRRIGATION TAIL-WATER RECOVERY SYSTEMS	Continuous Responsibility
<b>6. A. 1. d.</b>	DRAIN DITCHES AND CANALS	Continuous Responsibility
<b>6. A. 1. e.</b>	SURFACE STORM WATER RUNOFF	Continuous Responsibility
<b>6. A. 2.</b>	GROUNDWATER WELL EQUIPMENT AND APPURTENANCES	Submittal Due for Parcels with wells
<b>6. A. 2.</b>	-WELL LOGS	Annually by 31 December
<b>6. A. 3.</b>	WATER QUALITY TESTING	Submittal Due for Parcels with wells and/or Parcels with Approval for use of off-station water
<b>6. A. 3. a.</b>	STATION GROUNDWATER WELLS	As Necessary - Due within 30 days of well operation
<b>6. A. 3. b.</b>	OFF-STATION WELLS	Parcels with Approval for use of off-station water. As Necessary - Due within 30 days of well operation
<b>6. A. 4.</b>	HARVESTED CROP STORAGE	Continuous Responsibility
<b>6. A. 5.</b>	WEED AND PEST MANAGEMENT	Continuous Responsibility
<b>6. A. 5. a.</b>	ANNUAL PLAN FOR PEST MANAGEMENT	Annually by 15 January. Appendix D (1).
<b>6. A. 5. b.</b>	PEST MANAGEMENT REPORTING	Apply for NOPRS by 15 January of first term of lease. Report Annually by 31 December (1st-4th Lease Period and 60-days prior to Lease Expiration).
<b>6. A. 5. c.</b>	MECHANICAL WEED CONTROL	Continuous Responsibility
<b>6. A. 5. d.</b>	CHEMICAL WEED AND PEST CONTROL	Continuous Responsibility
<b>6. A. 5. d. 1.</b>	PESTICIDE APPLICATION AND DISPOSAL	Continuous Responsibility
<b>6. A. 5. d. 2.</b>	PRIVATE APPLICATOR CERTIFICATION	Continuous Responsibility
<b>6. A. 5. d. 3.</b>	AERIAL PESTICIDE APPLICATION	Due 24 hours prior to Application. Appendix D (2).

### Outline of Conservation Work

<b>Paragraph</b>	<b>Description</b>	<b>Submittal Requirement</b>
6. A. 5. e.	MOSQUITO ABATEMENT	Continuous Responsibility
6. A. 5. f.	RODENT CONTROL	Continuous Responsibility. Appendix D (3).
6. A. 5. g.	BIRD CONTROL	Continuous Responsibility
6. A. 6.	DUST CONTROL	Continuous Responsibility
6. A. 7.	MINIMUM TILLAGE & LAND LEVELING	Continuous Responsibility
6. A. 8.	SOIL RIPPING & DAMAGES TO GOVERNMENT PROPERTY	Continuous Responsibility
6. A. 9.	ROAD ACCESS	Continuous Responsibility

- (3) Modified Bait Station**

## **AGRICULTURAL CROP PEST MANAGEMENT PROJECT PLAN INSTRUCTIONS**

The purpose of the agricultural Crop Pest Management Project Plan is to provide Navy and Marine Corps installation agricultural outlease managers with information on the pest management activities and chemicals that may be used on leased property. The plan is to be completed by the Lessee and submitted to the installation's Integrated Pest Management Coordinator and the NAVFAC Southwest Contact. The form is to be updated whenever pest management practices or crops change. For the purposes of the plan, a pest includes diseases, arthropods, nematodes, weeds, rodents, and other organisms that cause harm or are detrimental to the production of the crop.

1. The three page form may be viewed in "Microsoft Word" and filled in and printed, or the form may be printed and the information written on the hard copy form. Use a dark pen and ensure that it is legible. If written entries exceed the space allotted, then use additional lines or sheets.
2. Complete one set of forms for each crop grown.
3. Block 1: Enter the name of the crop grown.
4. Block 2: Enter the season(s) in which the crop will be grown.
5. Block 3: List the specific pests under each category of pest: disease, arthropod, nematode, weed, and other pests. If the treatment will be the same or similar for several pests you may group them together as one pest group. Complete blocks 4 through 7 for each of the pests or pest groups.
  - a. Block 4: List the method(s) that are used by the farmer or pest control advisor to detect the pest. This may include visual observation, trapping, netting, etc. Write the word "Preventive" in this block if the treatment method is to prevent the pest from occurring.
  - b. Block 5: Enter the threshold level at which control will be initiated. If the treatment is preventive, then write "0." If a single observation of an organism or disease symptom is needed to initiate control, then write "1." For all others indicate the number of pests or infected/affected plants per surface unit (i.e. acre, hectare, sq foot).
  - c. Block 6: List the non-chemical methods to control or prevent the pests. If fertilizers are used, then enter "Fertilizer" in this block and do not include the name of chemical fertilizers in Block 7.
  - d. Block 7: List the complete names and EPA registration numbers (as written on the product label) of the chemicals to be used.

MODIFIED BAIT STATIONS FOR CONTROL OF THE CALIFORNIA GROUND SQUIRREL  
 IN ENDANGERED KANGAROO RAT HABITAT

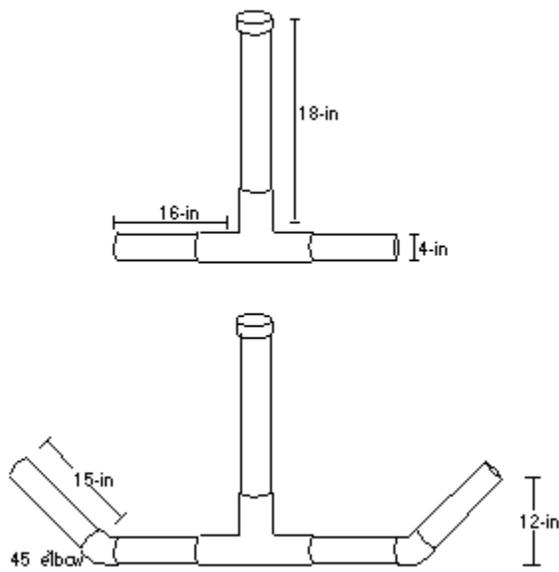

This study was undertaken in association with the California Department of Fish and Game and California Department of Food and Agriculture. Funding was provided by the Vertebrate Pest Control Research Advisory Committee (Bait surcharge funds).

Simple modifications to existing bait stations were found to exclude kangaroo rats while still allowing ground squirrels access to poison bait.

**I. Inverted "T" design**

45 degree elbows and additional pipe can be placed on each entrance of the traditional station such that the entrance to the station is 12 inches above ground level. Ground squirrels generally begin visiting these bait stations at the same time as they would visit the traditional station (between 1 and 6 days). In the event that ground squirrels do not visit the modified station, the extensions should be removed, and the station pre-baited with clean (i.e., no poison) grain. Once the squirrels begin feeding from the station, the extensions can be replaced, poison grain added and the squirrels will continue to visit the station.

Traditional and modified inverted "T" bait stations

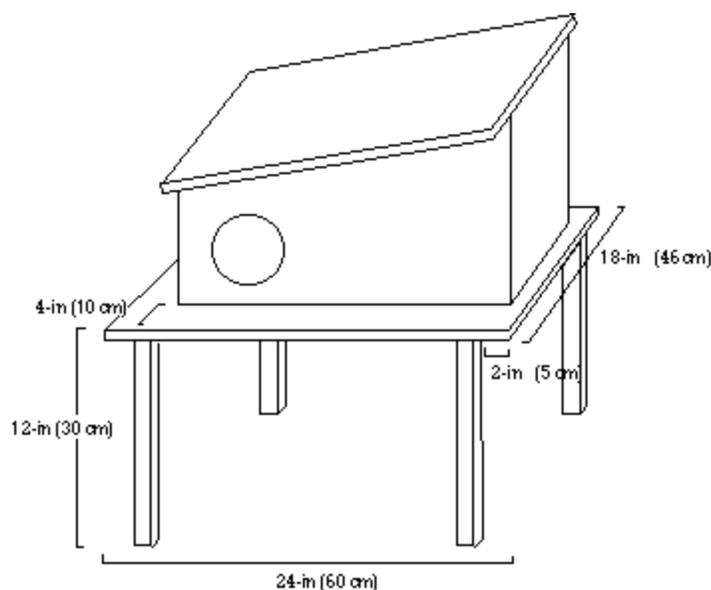

**Specifications:**

1. The entrances must be at least 12 inches above the ground
2. Vegetation should be cleared from around the entrances. Kangaroo rats will be able to climb into the stations if dense vegetation is present or if the stations are placed against a 1/2 inch (or finer) wire mesh fence. Keep entrances away from fence posts and large rocks that might be used by kangaroo rats to gain access.
3. Rain or sprinkler irrigators will result in water collecting in the bait stations. In locations or at times when this is likely, it may be necessary to further modify the bait station (e.g., by adding an additional horizontal extension; drilling a hole in the bottom of the station to drain water, etc.). It is important to remember that ground squirrels will not take moldy bait.
4. In kit fox range, the entrance to the station should be no greater than 3-inches in diameter. This can be achieved by fitting a 4-inch to 3-inch reducer or 1/2 an endcap.

**II. Platform for other bait station types**

Almost any type of bait box may be elevated on a 12-inch high platform. Any material may be used for building the platform but due to kangaroo rat behavior, it is important to adhere to the specifications.

Ground squirrels generally begin visiting these bait stations at the same time as they would visit the traditional station (between 1 and 6 days). In the event that ground squirrels do not visit the modified station, the station should be placed at ground level and pre-baited with clean (i.e., no poison) grain. Once the squirrels begin feeding from the station, it can be elevated, poison grain added and the squirrels will continue to visit the station.

#### Specifications:

1. The platform should be 12-inches high.
2. The platform must not have a solid base. Kangaroo rats are able to jump or climb to heights of up to 24 inches if they're presented with a solid base. Even a platform top with a 3-inch overhang over a solid base is easily negotiated by kangaroo rats.
3. The legs of the platform should be inset at least 2-inches to stop kangaroo rats from climbing into the station. Ramps or wire mesh should not be added to improve accessibility by ground squirrels as kangaroo rats will learn to use these to climb into the bait station.
4. Vegetation should be cleared from around the base of the platforms. Kangaroo rats will be able to climb into the stations if dense vegetation is present or if the stations are placed against a 1/2 inch (or finer) wire mesh fence. Keep entrances away from fence posts and large rocks that might be used by kangaroo rats to gain access.
5. It may be necessary to add a lip to the top of the platform to stop grain spillage. Any grain spilled from bait stations should be picked-up daily.
6. In rangeland areas, bait stations should be firmly secured to the ground to avoid them being tipped over by livestock.
7. In kit fox range, the entrance to the station should be no greater than 3-inches in diameter.

### Using Other Amendments

If amendments other than gypsum are to be used, the amount needed to supply an equivalent amount of calcium can be calculated using *Table 1* and *Equation 1* below:

$$\text{Amount of amendments} = \frac{100}{\% \text{ purity}} \times \text{tons equivalent} \quad (1)$$

Where the tons equivalent represents tons of the alternative amendment equal to 1.0 ton of 100% gypsum.

---

---

***Table 1. Quantities of common amendments needed to supply equal amounts of calcium***

---

<i>Amendment alternative to gypsum</i>	<i>Tons of alternative equal to 1.0 ton 100% gypsum</i>
Calcium chloride dihydrate (CaCl <sub>2</sub> * 2H <sub>2</sub> O)	0.86
Sulfuric acid (100% acid, 33%S, 15.3 lbs/gal)	0.57
Sulfur (100% S)	0.19
Lime-sulfur (23.3% S, 10.6 lbs/gal)	0.82
Nitro-sul (40% S, 9.52 lbs/gal)	0.22
Urea-sulfuric acid* (55% acid, 18% S, 10% N, 12.80 lbs/gal)	0.45

---

\*Assumes 1 mole NH<sub>4</sub><sup>+</sup> replace 2 mole Na<sup>+</sup>
