2. Is there any security clearance requirement for the staff supporting this contract?

A. There is not a security clearance requirement.

3. Is there an estimated level of effort for this contract? I would think this is a 1 full time person's scope of work.

A. The RFP Technical Factors and Contract document contain information that clearly outline the Government's minimum staffing requirement for this effort.

4. I'm reviewing the RFP for the contract mentioned above and did not find the statement in regards to questions deadline. When are any questions due to the Offeror?

A. Prior to proposal deadline: This Amendment provides information on the process for prospective Offerors to ask the Government questions regarding the RFP.

Post proposal deadline: This award will be made using Lowest Price Technically Acceptable procedures. During the Government's review of the proposals, the Government will only contact Offerors if clarifications are needed.
