(b) The offeror shall submit the following information:

- (1) Responsibility Determination Binder: 2 (1 original and 1 copy) copies of the responsibility determination information. With the responsibility determination binder, submit the following:
 - a. Submit completed and signed Standard Form 33 with the applicable DUNS Number and CAGE code of the offeror provided on the face of the SF-33. Ensure the SF-33 includes the appropriate name and address of any newly formed joint venture/partnership arrangement if applicable;

 - f. Submit evidence of availability of working/operating capital from an independent financial institution, which will be used for the performance of the resultant contract.
 - g. If joint venture or partnership arrangement is being proposed, include copies of agreements and letters of commitment signed by the appropriate individuals of each firm. Agreements must include company name, DUNS number, address, point of contact, email address, phone number and fax number. The agreements shall demonstrate the relationship between firms and identify contractual relationships and authorities to bind the firm/joint venture/team/partnership. Offerors proposing significant subcontracts (subcontracts exceeding 10% of the total contract value) shall submit signed letters of commitment from the subcontractors which define the contractual relationship and identify contribution to the planned arrangement in terms of the type and proportion of work to be performed. For Joint Venture arrangements discuss the financial responsibilities among the companies.

Formulas shall be traceable. Failure to do so may be cause to render the offer non-responsive. Offerors may utilize the pricing attachments in EXCEL (Microsoft Office Version 2010 compatible) format in Section J for submission of pricing data. Because the pricing evaluation will concentrate on the electronic files submitted, in the event of a discrepancy between the price proposal hard copies and the price proposal electronic copies, the price proposal electronic copies will take precedence.
